The Sojourn

University of Massachusetts Lowell

A large, light-colored stone sign with blue lettering that reads "UNIVERSITY OF MASSACHUSETTS LOWELL". The sign is mounted on a brick base and is surrounded by a variety of colorful flowers, including yellow, orange, pink, and purple blooms. In the background, there are green trees and a glimpse of a parking lot with cars.

# UNIVERSITY OF MASSACHUSETTS LOWELL

so what's your  
**perception** of us?

UMass Lowell is located in the historic industrial city of Lowell, 25 minutes northwest of Boston; the campus spans more than 125 acres along the Merrimack River. More than 12,000 resident and commuter students of all backgrounds pursue bachelor's, master's, and doctoral degrees. For more than a century, the University of Massachusetts Lowell has been educating students to work in the real world, solve real problems, and help real people.

# TRANSITIONS

Above: Dr. Jack Wilson  
Inset: Former University  
President William Bulger

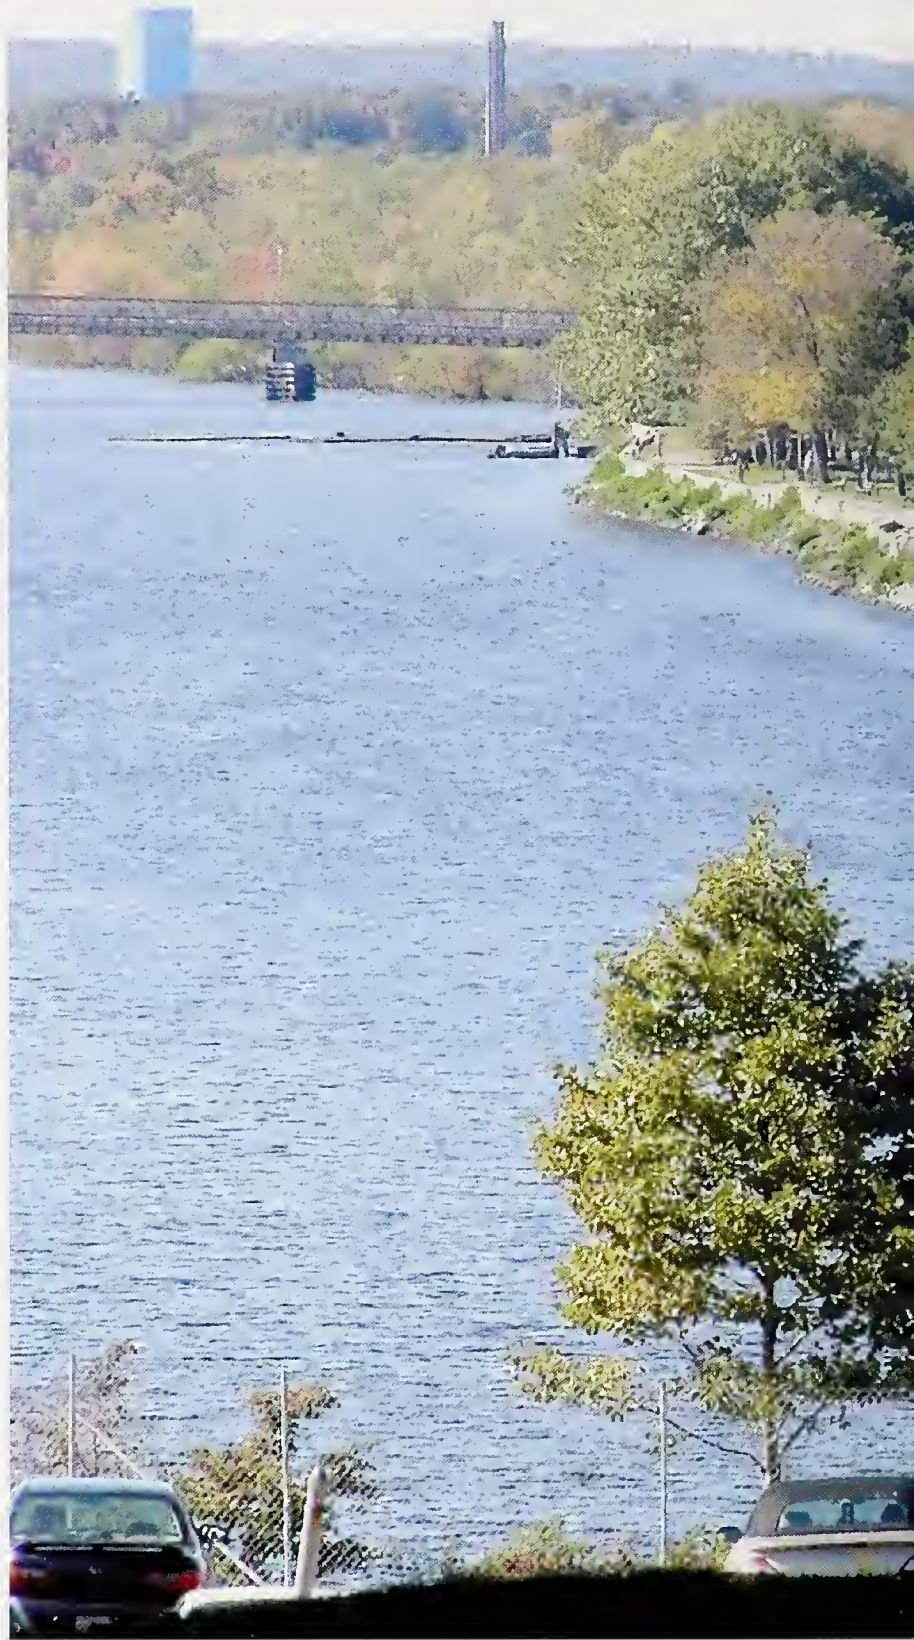

Dr. Jack Wilson, formerly the interim president of UMass, is now the permanent president of the entire university system after being appointed by the Board of Trustees last Wednesday. The decision was met with mixed reactions from members of the UMass community, mostly due to the suddenness of the meeting to nominate the president. The Presidential Search Committee said before that the next president would not be in office until July 1 so as to coincide with the next fiscal year. UMass Lowell Provost Dr. John Wooding said he accepted the board's decision: "We will be happy to support the new president of the UMass system." Wooding's comment was mirrored by Vice Chancellor Frederick Sperounis, who said, "We are looking forward to continuing our collaboration of working with the UMass system." The meeting occurred without having all of the trustees present, and was prompted when Worcester Polytechnic Institute announced Wilson as a finalist for their vacant presidency. Wilson's appointment came with little surprise because *The Boston Globe* ran two articles

earlier last week, stating the position was down to two candidates: Wilson and Alan Solomont, a prestigious fundraiser for the Democratic Party. The *Globe* reported that an anonymous search committee member said the board favored Wilson. The committee said they would release a list of the top contenders for the position, but the trustees planned a meeting for March 30 to nominate Bulger's successor. They then prompted the emergency meeting for last Wednesday and appointed Wilson. Wilson fills the shoes of former UMass president William Bulger, who resigned at a meeting at UMass Lowell last August. Bulger was the UMass President for seven years until he came under pressure from Governor Mitt Romney to step down. Romney targeted Bulger for various reasons, including Bulger's ties to his fugitive mob boss brother, James "Whitey" Bulger. According to the *Globe*, William Bulger, Romney, and Board of Trustees Chairwoman Grace Fey all supported the boards' decision to appoint Wilson as the new president. UML Student Trustee Matthew Morand, who represents the students of UMass Lowell to the Board of Trustees, attended the meeting. "I'm not disappointed that Wilson is in. He is fantastic...he is highly regarded," Morand stated. According to Morand, the Search Committee had about 100 nationwide candidates for the position, and had narrowed it down to twelve. The identities of the candidates were supposed to be kept secret, but it was leaked to the press that Wilson and Solomont were finalists. Morand

said biographies were handed out to the trustees at 4 pm on Wednesday. Morand said at least eight of the trustees supported Wilson, and three of them abstained from voting. "There was a definite opinion that Wilson was the best candidate," Morand said about the majority of the trustees. Only two of the five student trustees were allowed to vote. This year, UMass Boston and UMass Dartmouth each get a vote. Last year it was Amherst and Lowell. Neither of the two trustees voted. "Some people had concerns that they did not know [Solomont]," said Morand. When asked how he would have voted, Morand said he would have abstained because it was clear Wilson would win, which he was not against, but he said he did not know enough about Solomont to make a valid decision between the two. Solomont graduated from the former University of Lowell and has donated money to UML in the past, and Solomont Way on South Campus is named for him. Morand said he thought it would have been good for UMass Lowell if Solomont were the president. One thing that made the trustees skeptical about Solomont was his strong tie to the Democratic Party, which some thought could create problems with the Republican governor. Solomont was a head fundraiser for President Bill Clinton and has raised money for Senator John Kerry's presidential campaign. Solomont is an entrepreneur in the health care industry. "Solomont was a non-conventional candidate," said Morand. Romney urged the search committee to seek non-conventional candidates outside of academia, including business leaders from around the country. One of the reasons why many people felt it was important to get a non-conventional president was because they hoped to get a strong leader that could raise money through business negotiations. When asked what he thought about the search committee's process, which included a nation-wide search and paying \$90,000 to search committee member William Funk to act as a consultant for the recruitment process, and sticking with Wilson, Morand said, "I don't think the committee had an agenda to make it hometown guys. I think the two candidates are both outstanding and that is why they made it... he [Wilson] is very familiar with academia and very qualified to be the president." Dr. Robert Tamarin, UML Dean of Science, said, "I've met Jack Wilson four or five times, he is a brilliant physicist. He's got a real vision for the university. I'm prepared to give him a chance." Tamarin said. When asked about the board's decision to pick Wilson over Solomont, Tamarin said, "I think Wilson came here on his own merits...I don't see any politics in this." Tamarin has also met Solomon. "He's been very generous to our university. I really have no opinion about him one-way or the other," Tamarin said. Faculty Union President and Mechanical Engineering professor Dr. Robert Parkin said he was happy Wilson was selected for the position. "I think the trustees did the right thing...Even though Solomont is one of ours, I think the feeling of the faculty is that we want an academic and someone who knows what goes on in academia," he said. The news of Wilson's appointment did indeed come with mixed reactions. Some faculty members at UML criticized the search committee and the Board of Trustees for speeding up the selection process and keeping Wilson in office, but those sources did not want to be identified.

## UML Halloween Fun By Robert Moreau *Connector Contributor*

On Thursday and Friday, October 30<sup>th</sup> and 31<sup>st</sup>, UMass-Lowell hosted various activities in celebration of Halloween. The most prominent was the Safe Zone Trick or Treating hosted at Concordia and Sheehy Halls on South Campus, lasting from 6-8 p.m. The purpose of the Safe Zone Trick or Treating was to give the children of Lowell elementary schools and their families a safe place to trick-or-treat. As Concordia Resident Director Beth Willis noted "Some parents don't like to send their kids out at night to strangers, and we figured this would be a safe place to have fun."

The festivities also included various activities such as a doughnut-eating contest, professional face painting, and a haunted house hosted by the Off-Broadway Players.

On Friday, from 10-2 p.m., other Halloween activities took place on Southwick Hall on North Campus, and McGauvran Hall on South. They included a photographer and tarot card-reading psychics. Prizes were handed out to people wearing costumes.

Overall, Halloween 2003 was a very fun time for both UML students and the greater Lowell community.

# safe zone

# the joys of driving

The city of Lowell has confirmed that the University Avenue Bridge will be repaired and re-opened in September, just in time for fall semester to begin. Since the beginning of December, the bridge has been closed to all vehicular traffic because it was believed that the weight of buses and trucks would weaken the bridge. Because of this, Lowell residents have had to deal with countless changes in their every day commute. By this time, Lowell residents have become accustomed to the inevitable traffic jams due to the closing of one of the most crucial bridges in Lowell. UMass Lowell shuttle buses have had to take new routes. UML students living on East Campus have had to learn to plan their schedules around rush hour, especially between 3pm and 6pm; when both lanes on the Aiken Street Bridge are reserved for one-way traffic heading towards the VFW Highway. This has caused the traffic on O'Donnell Bridge to increase dramatically. UMass Lowell Dean of Students, Thomas Taylor had believed originally that students would not be allowed to walk over the University Ave Bridge, but luckily it is safe enough and students living on East have been able to walk to and from their classes on North Campus without having to worry about the extended time it would take the shuttle bus to make the loop all the way around to North. When the University Avenue Bridge had originally closed, the presence of countless Police directing traffic was absolutely necessary to keep order in the city. Understandably, there was mass confusion and frustration amongst commuters. According to City manager John Cox, now that it is about three months since the bridge has closed, "we need less police presence." At the intersection of the O'Donnell Bridge and the VFW Highway, there has been a noticeable lack of police officers directing traffic. According to Cox, they "have stopped detail because it costs too much money." There still are traffic police, but not as many, and only at certain times of the day. The Lowell Police Officers are taken off the road and put on duty to direct traffic. This project is expected to cost the City of Lowell \$750,000- \$800,000. The city is currently petitioning for federal money, but for now it will come out of the city's budget.

University Ave Bridge to open in September

# Hitting the books...FINALS

There you sit, in an uncomfortable wooden chair, in a classroom, somewhere on campus. You've been through a lot this semester, tests, quizzes, and papers all trying to keep you from the end of the line. And now you sit in your chair, clutching your mechanical pencil, which is almost out of lead, as a line of sweat begins to form on your forehead. You prepare to launch your attack, a volley of answers, in hopes of defeating the 120 multiple choice questions that lay between you and summer. That's right, the final exam, the last line of defense the enemy has between you and your semester mission objective: no more pencils, no more books, and no more professor's dirty looks. Now the only thing creeping through your mind is the hope that you are well enough prepared to survive this one last battle, and snatch victory from the hands of defeat. But keep your head high soldier, because we'll tell you how to get the leg up on the enemy, and come out of this alive and on top. Summer is creeping up fast, and so are those final exams. They've crept up fast enough that most students didn't even realize it until a week ago. Final projects are being assigned, and professors are collecting their last homework assignments. As schedules become more and more hectic, it's important to remember to put aside some time, even now, to start preparations for your finals. Start looking over notes, cleaning out folders, and reviewing test materials. You should try to avoid cramming and all-nighters at all costs. Going into a test tired is one of the worst things you can do. It's harder to recall information if you're tired. The night before an exam, you should try to put in as many hours of sleep as possible (within reason of course) so that you can have a sharp, refreshed mind when it comes to test time. Also, utilize any tricks or techniques you know to help you remember material. You will have a lot of information to remember, and it helps to exploit any tricks you know short of cheating to help you remember it all. Most importantly, don't get too stressed out. Stress piled on top of all that studying can lead to a lot of unhappy hours at the books, so once again, space the studying out over a couple nights, reviewing your materials more than once. Heck, throw on some music while you study, and let the sweet soothing sounds cut down on your study time tension. Or if music isn't your thing, take breaks here or there for gaming, an episode of Seinfeld, or just to relax. It's hard to keep up a good work ethic with the summer approaching so fast. The warm weather and longer days are beckoning you to drop the books and come outside. But keep in mind that if you don't wait till the last minute, you can have both good grades on your exams and fun outdoors. And after the multiple choice questions that stand between you and summer lay crumpled, defeated by your knowledge of the subject, you've got 3 and a half months to do whatever pleases you, without having to worry about deadlines.

# UML IN ACTION

**UMass Lowell athletics are enjoying a period of champions and star athletes. While achieving excellence on and off the field, UML athletes are also dedicated students. Standout student athletes included Seniors Elad Inbar and Patrice Mendoza, who were each named the Lester H. Cushing Award Recipients for Male and Female Athletes of the Year at UMass Lowell Excellence Banquet.**

Bloomsburg	1-4

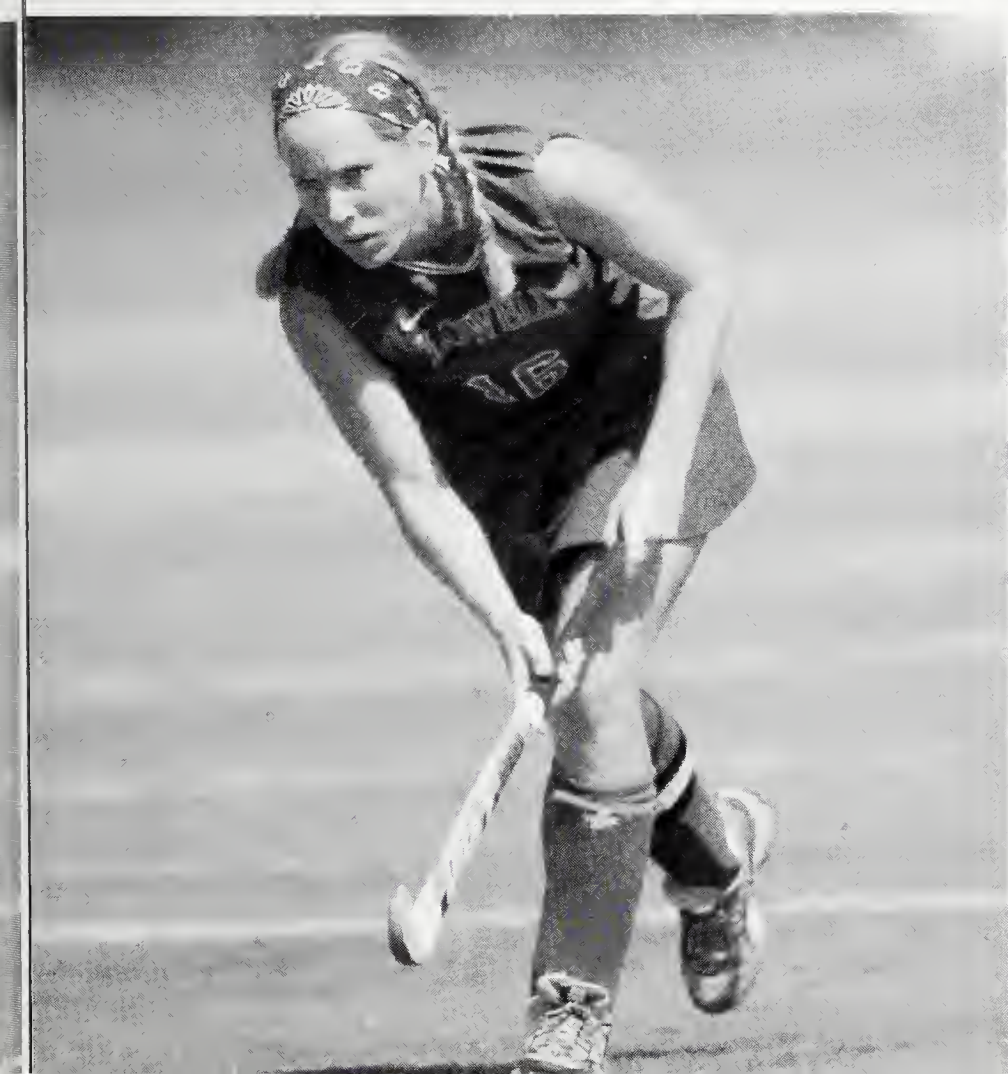

# women's field hockey

The field hockey team enjoyed its most special season in school history, which included an appearance in the NCAA championship match as well as the Northeast-10 Tournament title. The River Hawks overcame a three-match slide to end the regular season to defeat Bentley (3-2 on penalty strokes) in the NE-10 Tournament semifinal, and regular season champion Bryant in the final (2-1). The championship secured UML's inclusion and hosting rights of the NCAA Tournament semifinal and final. UML moved on to defeat Bryant in the semifinal, 1-0, before losing to eight-time champion Bloomsburg in the final, 4-1.

Nevertheless, there were plenty of postseason honors, especially for the trio of junior **Jacklyn Driscoll** and seniors **Martha Marsden** and **Patrice Mendoza**, each of whom were named All-Americans by the National Field Hockey Coaches Association (NFHCA). In addition, second-year head coach **Shannon Hlebichuk** was named the NFHCA Division II Coach of the Year and Northeast-10 Coach of the Year. Mendoza was named the NE-10 Goalkeeper of the Year for the second straight year and joined Driscoll and Marsden on the All-NE-10 first team. Cited to the second team was first-year sophomore **Joanna DaLuze** and senior **Laura Petros**.

The River Hawks tied or achieved several school records, including games played (23, formerly 20), goals against average in a season (1.12, formerly 1.13) and wins in a season (15), tying the mark originally set in 1997.

# men's hockey

The hockey team's finish in 2003-04 – 10-23-7 overall and 7-12-5 (sixth place) in Hockey East – does not reflect its progress and the current direction of the program. Midway through the year, the River Hawks were forced to forfeit five victories due to the use of an ineligible player. At the time, UML was 12-11-3 overall and 7-4-1 in Hockey East (fifth place), but then slipped to 7-16-3 and 4-7-1 in HE (tied for seventh), en route to a first-round exit in the HE Tournament.

Despite their misfortune, all the tools for a special season are in place as the River Hawks will suit 11 juniors, 10 sophomores, four freshman and two seniors on the 2004-05 roster, several of which earned decorations in the 2003-04 season. Sophomore **Elias Godoy** was named to the Hockey East Honorable Mention squad while freshmen **Cleve Kinley** and **Jason Tejchma** were cited to the All-Rookie Team.

Additionally, the River Hawks placed six players among the Hockey East All-Academic Team, the second-highest amount behind Maine, who had seven. Cited were classmates Tejchma, **Chris Fontas** and **Brian Bova**, along with sophomores **Matt Collar** and **Bobby Robins** and junior **Niklas Storm**. Fontas and Tejchma along with UMass's Peter Trovato, had the highest grade point averages by position.

# volleyball volleyball

The surprise of the fall season, and arguably the Northeast-10 Conference, the UML volleyball team enjoyed its second straight invitation and third bid to the NCAA Tournament in four years despite losing 75 percent of its offense and defense from the 2002 squad which posted a 25-11 record.

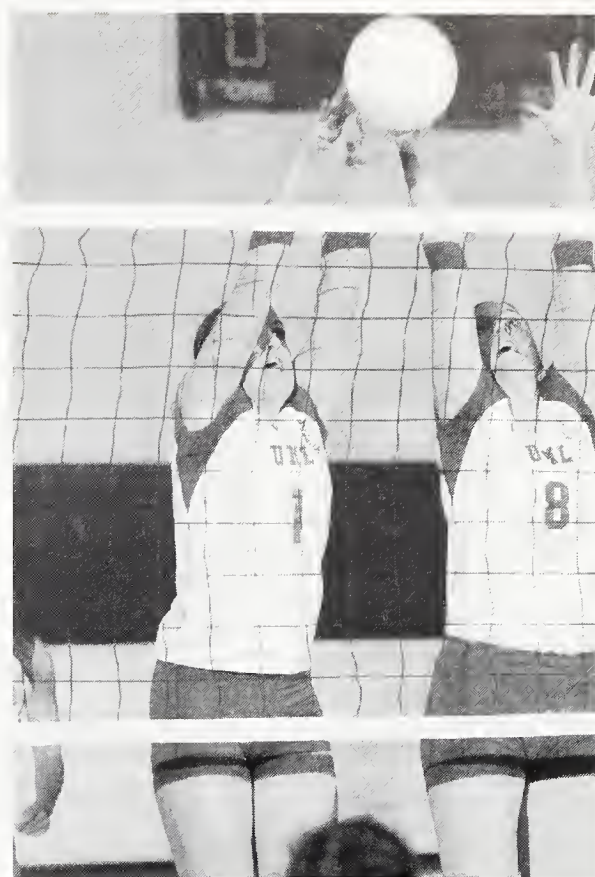

The River Hawks won their last four matches – including a pivotal 3-2 victory over Bentley – to secure the sixth and final spot for the NCAA Tournament Northeast Regional. An ever-resilient team, the four-match win skein followed a stretch in which the River Hawks lost four of six.

Despite a first-round exit from the NCAA Tournament, the play of sophomore OH **Julie Handy** and senior setter **Andrea Turner** lifted UML to another second-place finish in the NE-10 regular season. Both Handy and Turner were named all-conference first team selections while sophomore **Katye Larson** was a third team recipient.

A four-time all-conference player (Northeast-10 in 2000, '01 and '02, NECC in 1999), Turner also earned All-Northeast region honors for the fourth successive time while Handy joined her, making her first appearance. Both were also named AVCA honorable mention All-Americans.

# women's track & field

## women's track & field

The UML women's track and field team enjoyed a splendid season indoors and out, highlighted by a best-ever second-place finish at the New England outdoor championships, its third straight Northeast-10 indoor title and second consecutive NE-10 outdoor title.

During the indoor season, the River Hawk women crowned four All-Americans, two New England champions, six All-New England standouts and six Northeast-10 champions over eight events. The UML 4X400 meter relay team qualified for the NCAA indoor championship and earned All-American honors as it placed eighth with a time of 3:51.68. Making up the 4X400 team were junior **Josette Pierre-Louis**, sophomore **Jill Thibodeau** and freshmen **Toni-Marie Henry** and **Ashley Moulton**.

Junior Shannon Seidel (heptathlon) and sophomore Esia Johnson (long jump) highlighted the UML's showing at the New England Championships by winning individual titles while Pierre-Louis earned All-New England honors in the 400 meter dash (56.43).

Individually, Pierre-Louis was named the NE-10 Track Athlete of the Year while Henry was named the NE-10 Freshman of the Year. Head Coach **Gary Gardner** was named the NE-10 Coach of the Year for both the men's and the women's sides.

The outdoor season was more impressive as the 4X100 meter relay team – led by freshmen **Tristan Johnson** and **Toni-Marie Henry**, Esia Johnson and junior **Josette Pierre-Louis** – placed seventh at the NCAA Championship to earn All-American honors.

UML won the 4X400 and 4X100 meter relays at the New England Championships, while Pierre-Louis captured the 100 meter dash (12.15 seconds). Pierre-Louis led the 4X400 meter relay team, along with Henry, Tristan Johnson and sophomore **Jill Thibodeau**. Pierre-Louis, Henry and the Johnsons made up the UML 4X100 team. Seidel, who placed second in the heptathlon (4,366), was the sixth UML athlete to receive All-New England honors.

At the Northeast-10 Championships, 10 athletes won titles over 12 events. Individually, Henry shared NE-10 Freshman of the Year honors with Kelly Chaisson of Stonehill.

# men's track & field

## men's track & field

Buoyed by the success of another stellar cross country season, the men's indoor and outdoor track and field teams again enjoyed a terrific year which included a best-ever third-place finish in the New England outdoor championships as well as a fifth-place showing at the New England Indoor meet.

Sophomore **Patrick Morasse** highlighted the indoor season as he earned All-American honors at the NCAA Championships, placing eighth in the mile in 4:10.35. Morasse was one of three individual athletes to qualify for the NCAAs, along with the UML 4X400 meter relay team.

At the New England Indoors, UML won the 4X400 meter relay title behind juniors **Jason Paige** and **Bryan Stenquist**, along with senior **Doug Marcoux** and freshman **Clint Cooper**. Cooper was named the Northeast-10 Conference Freshman of

the Year while UML Head Coach Gary Gardner was named the NE-10 Coach of the Year for both the men's and women's sides. Cooper was one of six UML athletes who won championships at the NE-10 meet.

Senior **Kevin Alliette** (3:51.37) and Morasse (3:51.85) were the sole UML men to qualify for the NCAA outdoor championships, placing ninth and 10<sup>th</sup>, respectively, in the 1,500 meters.

The UML 4X800 and 4X400 meter relay teams each won the New England outdoor championships as the 4X800 team established a New England and school record time of 7:41.84. Alliette and Morasse led the 4X800 quartet, along with senior **Mike Callahan** and sophomore **Erick Colon**. Alliette was UML's sole individual to earn All-New England honors, taking third in the 1,500 meters (3:51.44).

The 4X400 team, led by Marcoux, Stenquist, Cooper and junior **Ryan Leger**, won the New England title in 3:13.63. Not to be outdone was the 4X100 meter relay team – seniors **Nick Doty**, **Greg Mason** and **Cyrus Newbegin** along with junior **Erik Hamilton** – which placed third in 42.13.

At the NE-10 outdoor championships, Cooper repeated as the NE-10 Freshman of the Year as UML won four individual events, along with the 4X100 and 4X400 meter relays, to place second.

New Haven	3-0
Assumption	0-1
Franklin Pierce	0-5
Merrimack	1-3
Bentley	0-5
Bryant	0-3

Saint Michael's	0-1
Stonehill	0-2
Pace University	0-0
Southern NH	0-1
Southern Conn.	2-6
Saint Anselm	1-0
Saint Rose	0-1
American Int'l	2-0

## SCORES

Despite a 4-10-1 season (3-10-1 in the NE-10), the women's soccer team achieved a pair of school records, including shutouts (five) and goals allowed in a single season (28, tying the record set in 2000). Individually, senior goalkeeper **Darcy Hornberger** broke the school record for fewest goals allowed with 27, beating the previous record of 28 also set in 2000.

The defensive play of sophomore **Caitlin Leary**, junior **Stacy Lukason** and senior **Sarah Wroblewski**, along with freshman **Michaela Rufo**, deserved plaudits for making those records stand. Offensively, junior midfielder **Marielle Christofi** led UML in scoring with four goals and one assist (nine points) while freshman **Tricia Auld** (2-3-7) and sophomore **Audrey Bertalovitz** (2-2-6) also chipped in.

# women's soccer

The men's soccer team continued its ascent to the top of the NCAA New England Region and earned national recognition with its best season in school history. The River Hawks peaked over the second half of the regular season and in the postseason, winning the Northeast-10 Tournament with a 3-2 victory at Southern Connecticut (after trailing 2-0).

UML continued its late-season surge in the NCAA Tournament – its first-ever appearance – with victories over Franklin Pierce (3-0) and Southern Connecticut (1-0) on Owl turf. The postseason run ended in the NCAA Quarterfinal when the River Hawks suffered a 2-0 loss at Dowling in Oakdale, NY.

The loss could not spoil what was a splendid season full of accolades as the River Hawks won 10 of their last 12 matches. Many school records were set, among them victories (15) and fewest losses (5, tied) and games played in a season (22); most goals scored in a game (11, tied) and a season (68), and fewest goals in a season (21).

Juniors **Jonathan Curran** and **Jason Paige** were each named NSCAA Second Team All-Americans while senior **Michael Cabral** became the second player in UML history to sign a professional contract (with the Phantoms of New Hampshire). All three players were also NSCAA New England Region first team members.

The threesome led a best-ever seven players on the NE-10 all-star teams. Curran was named the Defensive Player of the Year while **Jason Paige** earned the 2003 NE-10 Golden Ball award for most goals against NE-10 competition. Cabral, arguably the best left footed player in the region, joined them on the NE-10 first team.

Junior **Kyle Burson** was named to the second team while freshman **Christian Figueroa**, the 2003 NE-10 Freshman of the Year, was cited to the third team, along with sophomore **Nurradin Abdo** and freshman **John O'Brien**.

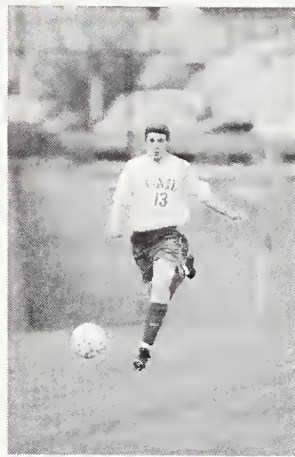

Seventh-year Head Coach **Ted Priestly** was named the Division II Coach of the Year by his peers in the New England Intercollegiate Soccer League (NEISL).

# women's hoops

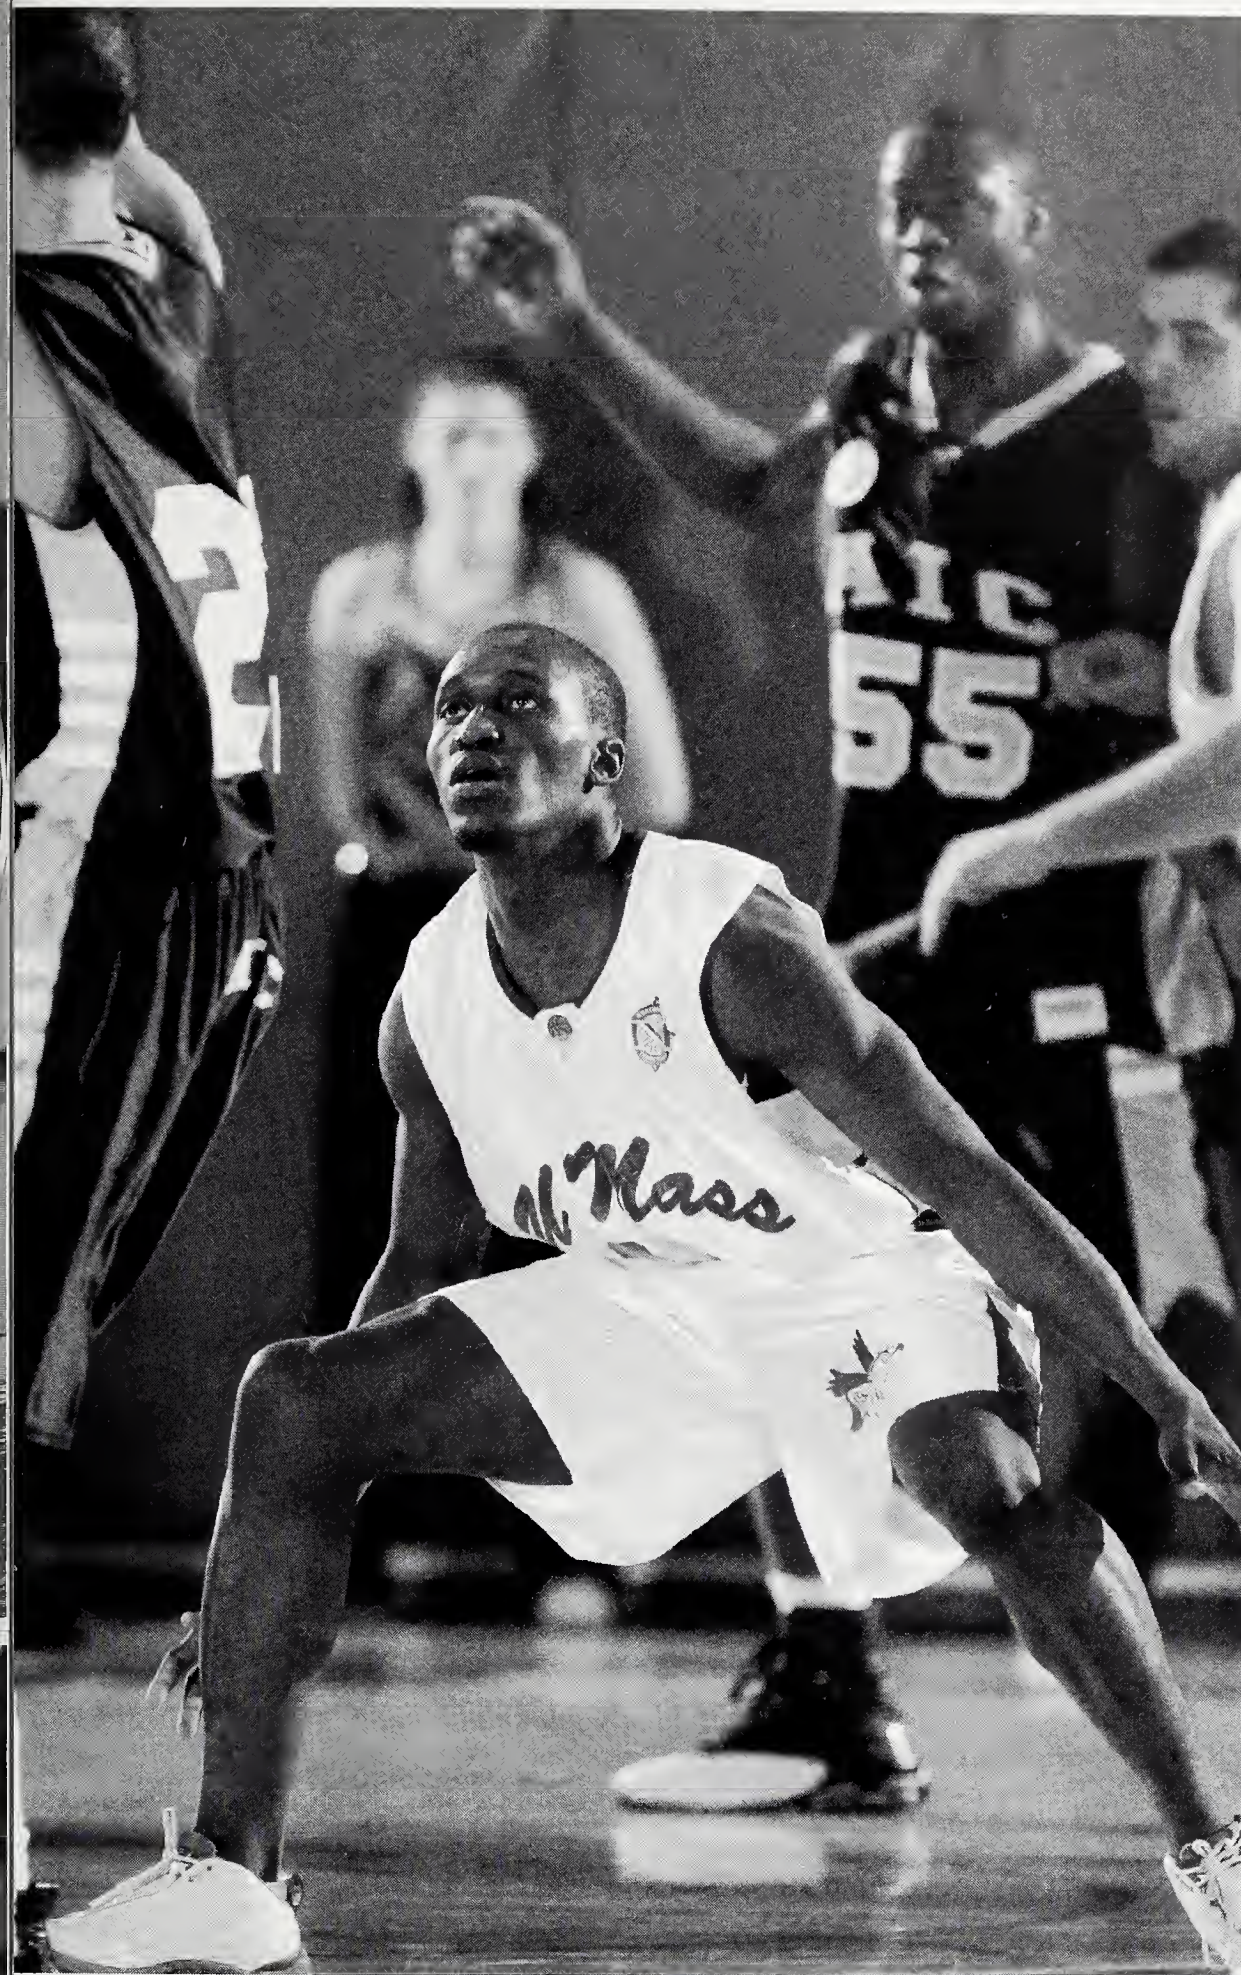

With the loss of four starters, the women's basketball team fell victim to its grueling late season schedule – in which it lost 10 of its last 14 games – which overshadowed its best start to a season (5-0) in school history.

The River Hawks did put together several impressive wins throughout the year, including those over NE-10 champion and NCAA Tournament semifinalist Merrimack (64-60) and PSAC East regular season champion West Chester (58-54).

# men's hoops

The men's basketball team (28-6 overall, 17-5 in the NE-10) enjoyed an encore of the 2002-03 season, repeating as Northeast-10 regular season and tournament champion as well as NCAA Tournament Northeast Region host and champion.

Despite a second straight first-round exit at the NCAA Elite Eight in Bakersfield, CA, highlighting the year was senior F **Elad Inbar's** honor of NCAA Division II Player of the Year by the National Association of Basketball Coaches (NABC). The honor capped a brilliant career for Inbar, who was named NE-10 Player of the Year and the Most Valuable Player of both the NE-10 Tournament and NCAA Regional.

Inbar also capped his career as the program's all-time leading scorer with 2,099 points, achieved by scoring 29 points in the 89-82 loss to Humboldt State. He also capped his career as the all-time leader in games played (127, shared with senior **Uri Grunwald**) and free throws made (455). Inbar and Grunwald each ended their careers as the winningest players in school history, leading UML to a 100-27 record over the last four seasons.

Postseason honors were plenty for Inbar, who also earned first team All-American honors by the NABC (he earned third team honors in 2002-03) and *The Basketball Times*. Additionally, Inbar was selected 39<sup>th</sup> by the Westchester (NY) Wildfire of the United States Basketball League (USBL).

Grunwald was also named an All-NE-10 selection (third team), while sophomore **Stacey Moragne** was cited to the second team.

# women's softball

With a team comprised of thirteen underclasswomen, the UML softball team maintained its standing within the elite (top six) of the Northeast-10 Conference and gave a glimpse of its potential for the 2005 campaign as it peaked in the postseason.

The River Hawks, as the No. 5 seed in the NE-10 Tournament, won five of its last seven games and advanced within a game of the NE-10 championship as it defeated 2004 NCAA Tournament entry and No. 4-seed Bryant twice (4-3 and 3-1) and No. 6 American International (2-1). Junior **Tabitha Hebert** earned NE-10 first team honors, up from third team standing last year.

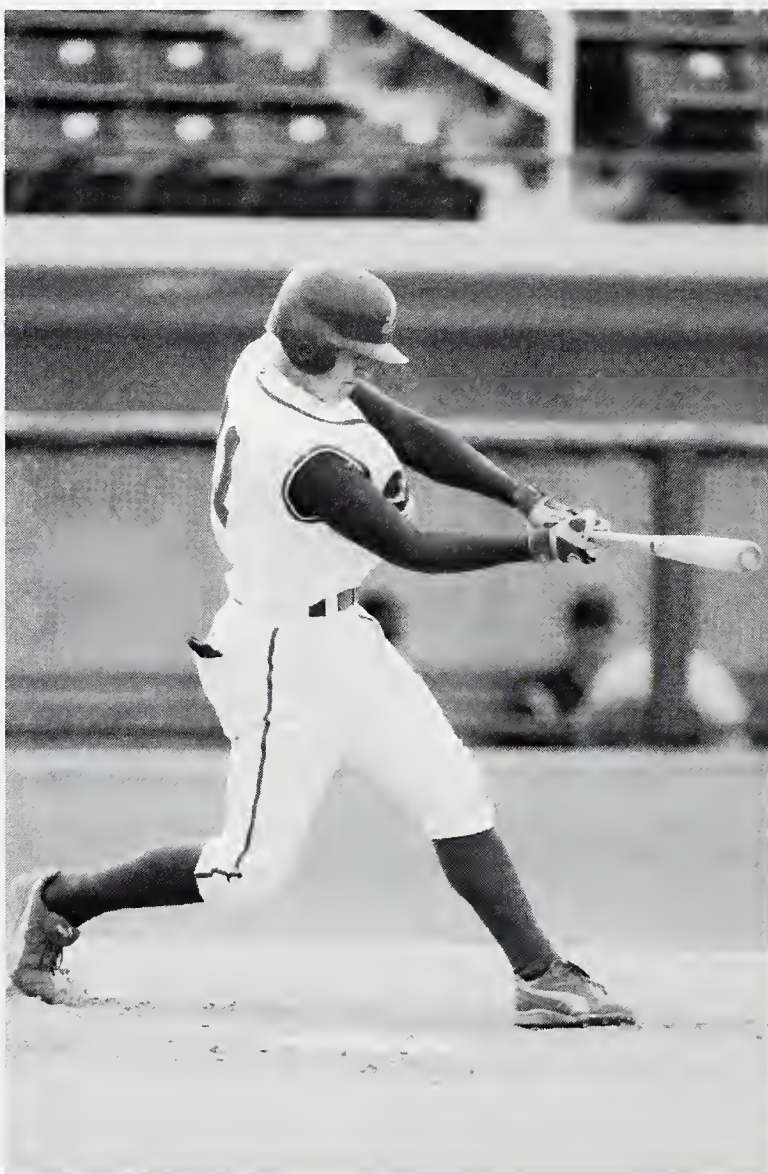

# men's baseball

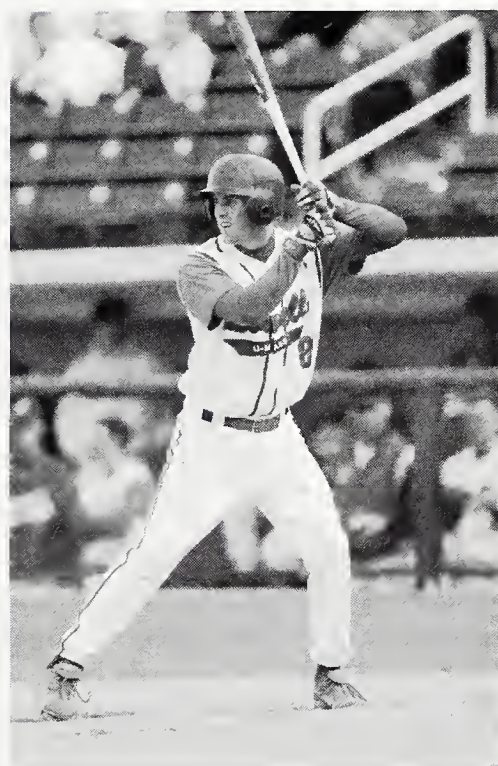

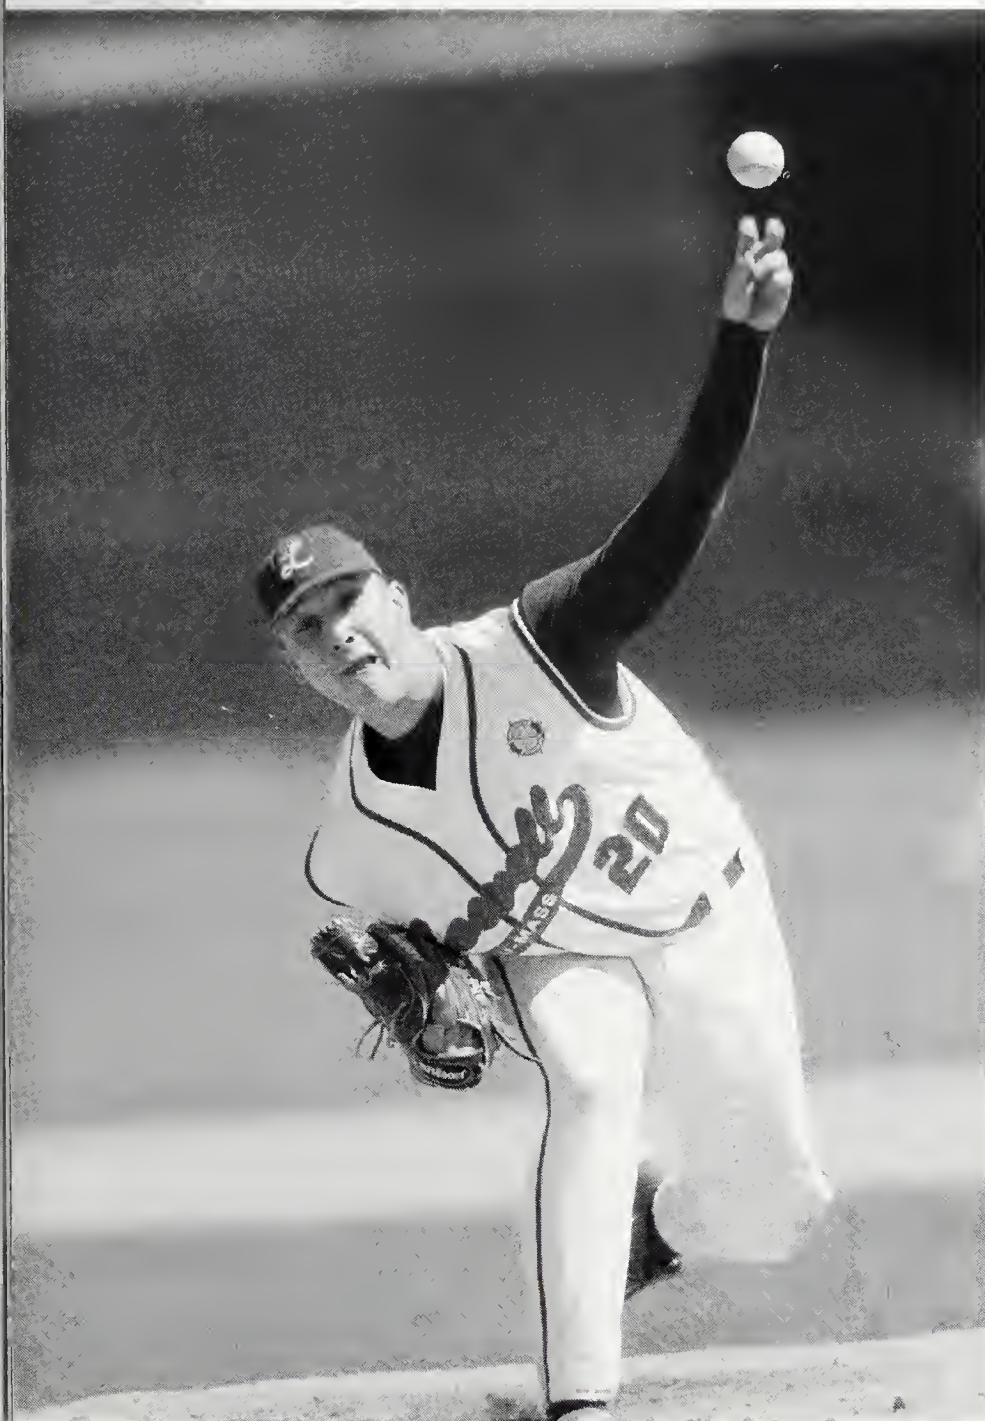

In **Ken Connerty**'s first season as head coach, the River Hawks peaked late in the season to win its fourth straight Northeast-10 Tournament championship – they have won it each year since entering the NE-10 – and became the first conference team to win the title four straight years. The triumph marked the second time in conference history that a No. 6 seed (seed) won the tournament. UML solidified its place in the Tournament by winning nine of its last 12 games.

Three players earned All-Conference honors for the River Hawks, led by junior CF **Nate Liebenow** who earned second team status. Cited to the third team was junior C **Miles Page**, the NE-10 Tournament Most Valuable Player, and sophomore RF **Bobby Theriault**, who made his second straight all-conference appearance.

## UML Athletics Announces Major Award Recipients at 2004 Excellence Banquet

At the conclusion of each academic year, during the Excellence Banquet, the Department of Athletics brings together members of the university's athletic community to celebrate the many academic, athletic, and humanitarian accomplishments of our staff members and student-athletes. The evening concludes each year with a moving tribute to the senior student-athletes. Major awards are described here.

Elad Inbar, a senior from Kiryat Haim, Israel, and Patrice Mendoza, a senior from Wilmington, MA, were each named the Lester H. Cushing Award recipients for Male and Female Athletes of the Year at the UMass Lowell Excellence Banquet. Inbar was named the NCAA Division II Player of the Year by the National Association of Basketball Coaches (NABC) in March after he led UML to a 28-6 record (17-5 in the Northeast-10 Conference) which included UML's second straight NE-10 regular season and tournament championships. UML then moved on to win its second consecutive NCAA Tournament Northeast Region championship to secure a trip to the Elite Eight in Bakersfield, CA. Inbar was named the NE-10 Tournament Most Valuable Player in 2003 and 2004 and earned NCAA Tournament Northeast Regional Most Outstanding Player honors in 2004. The NABC player of the year award was the pinnacle of many accolades this season for the 6-foot-7 standout, who was also named the 2003-04 Northeast-10 Conference Player of the Year as well as a first team all-conference forward for the third straight year. He also garnered Division II player of the year honors from the Eastern College Athletic Conference (ECAC) and All-American status by the Basketball Times. Despite UML's 89-82 loss to Humboldt State in the NCAA Tournament Elite Eight, Inbar led all scorers with 29 points and became the University's all-time leading scorer with 2,099 points. He entered the game needing 22 points to surpass former UML standout John Paganetti (1980-84, 2,091 points). Along with scoring, Inbar solidified himself in many places in the UML record book. He finished his career first in games played (127, shared with teammate Uri Grunwald) and free throws made (455); second in rebounding (854), field goals made (768) and career free throw percentage (.854); and fifth among blocked shot leaders (124). Inbar is expected to move on to a professional career after graduation. He was drafted 39th by the Westchester Wildfire of the United States Basketball League (USBL) on Apr. 15, but opted to complete his degree. Head Coach

Ken Barer also fielded several inquiries from Marty Blake, the NBA's director of scouting, as well as several NBA teams during the season. Inbar has also been a model student the last four years, earning a 3.490 cumulative grade point average as a finance major, and will graduate in May.

A two-time All-American, Mendoza backstopped the UML field hockey team to within a game of the NCAA Division II Championship last fall as the River Hawks enjoyed their best season since 1997. UML posted a 15-8 overall record and a 12-4 clip in the Northeast-10, good for second place. UML rallied at the end of the year, capturing the NE-10 Tournament title and earning the right to host the NCAA Tournament semifinals and championship. UML defeated Bryant in the semifinal, 1-0, but fell to eight-time national champion Bloomsburg, 4-1, in the final. Mendoza was named the Northeast-10 Conference Goalkeeper of the Year and a first team all-conference selection for the second straight year. She rewrote the goalkeeping records this year, eclipsing marks for games in a career (77) and a season (22); wins in a career (38) and a season (15); as well as shutouts in a career (26) and season (10). Mendoza capped her senior year with 10 shutouts, including 9.5 solo, while posting a goals against average of 1.12 and a save rate of .832 over 22 matches and 1,559 minutes. She played a pivotal role in helping the River Hawks achieved several team records, including games played (23, formerly 20) and goals against average in a season (1.12, formerly 1.13). She also tied the school mark for wins in a season (15, originally set in 1997).

Jenkins, Marsden Named Student-Athletes of the Year

LOWELL, MA (May 27, 2004) - Nate Jenkins, a graduate student from Templeton, MA, was named the recipient of the David Boutin Award for Male Student-Athlete of the Year Tuesday, May 4, at the UMass Lowell Excellence Banquet. Jenkins was chosen among six male student-athletes by UML athletic department administrators for his excellence both on the cross country trail and in the classroom this season in addition to his service to the UML community.

Michael Cabral (Milford, MA), a senior on the men's soccer team, and Uri Grunwald (Haifa, Israel), a senior on the men's basketball team, were finalists for the honor.

Martha Marsden, a senior from Hull, MA, was the recipient of the Laurie Mann Award for female student-athlete of the year. A finalist for the 2003 Laurie Mann Award, Marsden was chosen by UML athletic department administrators

for her prowess on the field hockey pitch as well as her excellence in the classroom and involvement in several clubs and charities.

Andrea Turner (Denver, CO), a senior standout on the volleyball team, and Caitlin McCarthy (Methuen, MA), a senior on the women's track and field team, were each finalists for the honor.

2004 Student-Athlete Award Recipients  
BASEBALL: Todd Cole - A three-year starter at second base, Cole led the River Hawks in batting (.323) in 2004 despite playing in just 26 games due to a broken bone in his hand. His return, however, helped spur UMass Lowell (22-21) to victory in eight of its last 11 games which included its fourth straight Northeast-10 Conference Tournament championship. An All-NE-10 Third Team selection in 2003, Cole capped his career with a sterling .970 fielding percentage and helped UML to a four-year clip of 128-70 (.646), three NCAA Tournaments and consecutive NCAA Northeast Region titles which led to trips to the Division II College World Series. Named captain for the 2004 season, Cole has balanced the rigors of majoring in plastics engineering admirably, maintaining a 2.993 cumulative average. He has been cited to the Dean's List twice.

MEN'S BASKETBALL: Uri Grunwald - Part of the winningest four-year period in men's basketball history, Grunwald helped the River Hawks to their second consecutive NCAA Tournament Northeast Region championship and appearance in the Elite Eight in March. Along the way, he was named a third team all-conference standout in helping UML capture the Northeast-10 regular season and tournament championships for the second straight year. A four-year starting guard, Grunwald never missed a game and helped guide the River Hawks to a 100-27 record (.787), including a 56-11 clip the past two seasons (.836). As a senior, Grunwald had averages of 11.4 points and 2.9 assists while ranking among NE-10 leaders in free throw accuracy with a clip of .847. Off the court, Grunwald was a model student who maintained a sterling 3.845 grade point average as a management information systems major, earning Dean's List honors each semester and twice achieving a perfect 4.0 average. Grunwald was inducted into the Beta Gamma Sigma academic fraternity, which includes only the top five percent of students in the College of Management. Grunwald, who will graduate magna cum laude, has also been a member of UML Student-Athlete Advisory Committee.

WOMEN'S BASKETBALL: Dragana Rabota - One of the best pure shooters in UML women's basketball history,

Rabota graduates as the program's all-time leader in 3-point goals made (173) and also ranks among the top 10 career leaders in 3-point accuracy (second, .363), scoring (sixth, 1,186) and field goals made (ninth, 409). As a senior, Rabota was among NE-10 conference leaders in four categories: scoring (ninth 13.8), 3-point field goals made (sixth, 52) and 3-point accuracy (10th, .363). She was the 11th player in UML history to score 1,000 points in a Jan. 10th loss to Pace. A management information science major, Rabota has maintained a 3.100 cumulative average and has been named to the Dean's List three times. Additionally, she served as a member of the SAAC for two years, assisting with projects such as the Special Olympics, Holiday Adopt-A-Family and Girls With Goals.

MEN'S CROSS COUNTRY: Nate Jenkins - A fifth-year senior, Jenkins helped the UML cross country team to three appearances in the NCAA Championship, including a sixth-place finish in 2002 and a 10th place showing last fall. He was named the 2003 NCAA Northeast Region Runner of the Year when he placed first with a time of 30:55 for the 10K (6.2-mile) course and led the River Hawks to their third straight NCAA Northeast Region championship. In addition, Jenkins keyed the River Hawks to their third Northeast-10 Conference championship in four years by placing third overall in a field of 120 runners. He also helped UML to fifth at the New England Championships - which encompasses all three NCAA Divisions - as he took 26th among 255 entries. A medical redshirt in 2001, Jenkins earned NCAA All-Northeast Region and All-Northeast-10 Conference honors three times. He was also a New England Collegiate Conference all-star as a freshman. Jenkins has also been a standout in the classroom as he compiled a cumulative grade point average of 3.372 in four years as a history major, earning Dean's List honors every semester. Currently, he has maintained a 3.80 while pursuing his master's degree in education. Jenkins has also been an active member of UML's Student-Athlete Advisory Committee, serving as co-chair in 2002-03. He was active in helping the Committee raise money for the Make-A-Wish Foundation as well as the holiday adopt-a-family project.

WOMEN'S CROSS COUNTRY: Karen Cloutier - Battling a leg injury over the first few weeks of the season, Cloutier improved to the stellar form she showed as a freshman in UML's final four meets and helped lead the River Hawks to their first appearance in the NCAA Championship (where they placed 22nd). Along the way, UML finished a best-ever second in both the Northeast-10 Championship and the NCAA Northeast Regional. Cloutier placed 29th among

116 runners at the NE-10 meet and 28 th among 118 at the NCAA Northeast Regional. An exercise physiology major, Cloutier has also been a standout in the classroom with a 3.930 cumulative average. She achieved a perfect 4.0 in the fall of 2003 and has been on the Dean’s List all three semesters.

FIELD HOCKEY: Martha Marsden - A first team All-American by the National Field Hockey Coaches Association (NFHCA), Marsden guided the River Hawks to a record of 15-8 - matching the school record for wins in a season - as they advanced to the NCAA Division II championship match. Along the way, she earned first team all-Northeast-10 Conference honors and was named the NE-10 Player of the Week once. A midfielder, Marsden was arguably UML’s best player over the last two-thirds of the season as she registered all of her eight goals and 10 assists (26 points) over the final 10 matches of the regular season and four postseason games. More impressive, she either scored or assisted on 15 of UML’s last 26 goals of the year. Marsden also made her third appearance on the NFHCA Division II National Academic Squad this year as she has maintained a 3.609 cumulative average as a fine arts/graphic design major. She has been named to the dean’s list five times. Off the field, Marsden is active among UML organizations such as the Student-Athlete Advisory Committee (SAAC), serving as the co-chair as a senior and earning selection to the Northeast-10 Conference SAAC. She is also member of the University’s Student Government Association (SGA), for which she created and designed the organization’s website and served as the liaison to the SAAC. Marsden is also the sports editor of the University’s yearbook, *The Sojourn* .

ICE HOCKEY: Jason Tejchma - One of two UML freshmen named to the 2003-04 Hockey East All-Rookie Team, Tejchma led all River Hawk newcomers in scoring with nine goals and 14 assists (23 points). He was one of five UML players and two freshmen to play in each game over the 2003-04 campaign. Along with Hockey East All-Rookie Team honors, Tejchma was named the Hockey East Rookie of the Week on Jan. 5 after scoring one goal and assisting on another in UML’s 3-0 victory over Massachusetts . He was also cited to the Hockey East Weekly Honor Roll once. A business administration major, Tejchma is also a standout in the classroom with a 3.625, earning Dean’s List honors for the fall 2003 semester. He has also served as an instructor at the Junior River Hawk hockey clinics.

MEN’S SOCCER: Michael Cabral - A two-time All-New England Region and All-Northeast-10 Conference standout, Cabral led the men’s soccer team to its

best season in school history last fall which included the NE-10 Tournament title and the program’s first-ever appearance in the NCAA Tournament. A four-year starting midfielder, Cabral compiled 13 goals and seven assists (33 points) to lead the River Hawks to a 15-5-2 record - the most wins in school history. He peaked in the postseason, scoring one goal in the 3-0 win over Franklin Pierce in the NCAA Tournament opener and the only strike in the 1-0 victory over Southern Connecticut in the NCAA New England Region final. A left-footed player, Cabral scored four goals on free kicks this season, two of which in the NCAA Tournament. For his career, Cabral compiled 26 goals and 27 assists (79 points), and holds the school record for assists in a single season (10, set in 2002). Since his arrival, UML has compiled a four-year clip of 51-22-7 (.638), its most successful period in program history. Cabral became the second UML player ever to sign a professional contract when he joined former UML standout Brandon Curran on the Phantoms of New Hampshire in April. Cabral has maintained a 3.307 grade point average as a criminal justice major, and earned a 3.7 in the fall of 2003 despite the River Hawks’ extended season. He was named to the Dean’s List five semesters. As a member and co-chair of both the UML Student-Athlete Advisory Committee and the NE-10 SAAC, Cabral has also been a leader in the UML community. He is also one of two student-members of the University’s athletic committee.

WOMEN’S SOCCER: Marielle Christofi - The leading scorer on the women’s soeecer team, Christofi has been a starter the last two years and emerged as the team’s leading scorer in 2003 with four goals and one assist. A midfielder, she beecame a starter midway through her freshman season and has played in 43 of 45 career matches. A health education major, Christofi has maintained a 3.450 grade point average. Her community service involvement includes helping coordinate the first annual Campus 5K Run, in which the women’s soccer team raised nearly \$1,200 for the Alternative House, a battered women’s shelter in Lowell, MA.

SOFTBALL: Kristin Lister - A four-year player at second base, Lister has helped the softball team to four postseason berths, including the 2003 NCAA Tournament where the River Hawks advanced to the Northeast Region semifinal round. Lister had her best season as a senior, appearing in 46 of 51 games (41 starts) while hitting .232 with seven RBI, six stolen bases and three doubles. She has also been an active member of the SAAC, volunteering on projects such as the Holiday Adopt-A-Family and Make-A-Wish projects.

MEN’S TRACK & FIELD: Patrick Morasse - The first sophomore distance runner in school history to earn the title of All-American, Morasse achieved the status at the NCAA Indoor Track and Field Championship on Mar. 13 as he placed eighth in the mile with a time of 4 minutes, 10.35 seconds. Morasse was a standout in both the indoor and outdoor seasons. On Thursday, he will compete in the 1,500 meters as the No. 13 seed at the NCAA Championship in Walnut, CA, with the hope of advancing to the final on Friday. During the regular season, Morasse placed fourth in the mile at the New England indoor championships - which includes all three NCAA Divisions - with a time of 4:08.23, the fourth-fastest time in the country. He also guided the 4X800 meter relay team to the New England outdoor championship in a school-record time of 7:41.84, also a meet record. Morasse was also a standout during UML’s cross country season, earning Northeast-10 Conference Runner of the Year honors and placing ninth overall - in a field of 225 Division I, II and III runners - at the New England Championship.

WOMEN’S TRACK & FIELD: Caitlin McCarthy - A four-year sprinter/hurdler on the women’s track and field team, McCarthy has enjoyed a stellar career highlighted by All-American honors last year in the indoor 4X400 meter relay. McCarthy has been a part of two of the top outdoor 4X400 meter relay performances in UML history (3:54.25, fourth; 3:56.65, ninth) and helped the indoor team set the school reecord of 3:51.91. She also holds the fourth-fastest individual time in the outdoor 400 meter hurdles (1:04.18) and sixth-fastest result in the indoor 600 meters (1:40.61). A 2003 Mann Award finalist, McCarthy has maintained a cumulative grade point average of 3.519 in criminal justice, and has been a reading volunteer in local elementary schools and also donated her time to the Special Olympics.

VOLLEYBALL: Andrea Turner - A four-year starter, Turner graduates as a four-year all-conference standout and the program’s school record holder for assists in a match (78), season (1,569) and a career (4,812). She led the River Hawks to NCAA Tournament bids in three of the last four years and helped compile a four-year record of 82-40 (.672). When not playing, Turner was an exemplary student who maintained a 3.707 in nursing and will graduate magna cum laude. She has been named to the Dean’s List in each of her semesters and was the recipient of several academie honors, including the UML Independent Alumni Scholarship. Turner is also one of just 20 students in the University’s College of Nursing to be inducted into the Sigma Theta Tau International Nurses Society. Inclusion requires nomination by a faculty member and special dedication to the profession.

BOB GRIFFIN ACADEMIC CUP - presented to the men’s and women’s teams that have achieved the highest overall team grade point average.

# september 11 memorial service

On Thursday May 14<sup>th</sup>, at 2:00PM, the memorial for the five UMass Lowell Alumni who perished in the September 11<sup>th</sup> terrorist attacks was dedicated. On September 11<sup>th</sup> 2001, Americans and people around the world watched in horror as airplanes became weapons of terror and destruction, and the city of New York suffered the loss of one of its most recognized icons. From the signs for the missing at ground Zero, to the gap in the New York City skyline, people across the country felt the loss of loved ones and security in America. The sensations from the impact were felt all over the nation, and the University of Massachusetts at Lowell realized it in the loss of three students and four of its alumni. Among the many lost were Douglas A. Gowell of Methuen, class of 1971, Robert J. Hayes of Amesbury, class of 1987, Brian K. Kinney of Lowell, class of 1995, John Ogonowski of Dracut, class of 1972, Patrick J. Quigley IV of Wellesley, Jessica L. Sachs of Billerica, and Christopher Zarba. Located on the Riverwalk behind Leitch Hall on residential North, the memorial sculpture was chosen from six proposals submitted in the fall shortly after the attacks, and was designed by art students Rebekah Hermans, Gail Milligan, and Janet Wittlinger. The central figure of the design is a circular object that represents the months of the year, with a special indicator of the attacks in the September portion. It also includes a circular seating arrangement, tall Evergreens, grasses and other plants to complete the landscape

9/11 memorial to be dedicated  
Aleksandra Ward  
Connector Staff

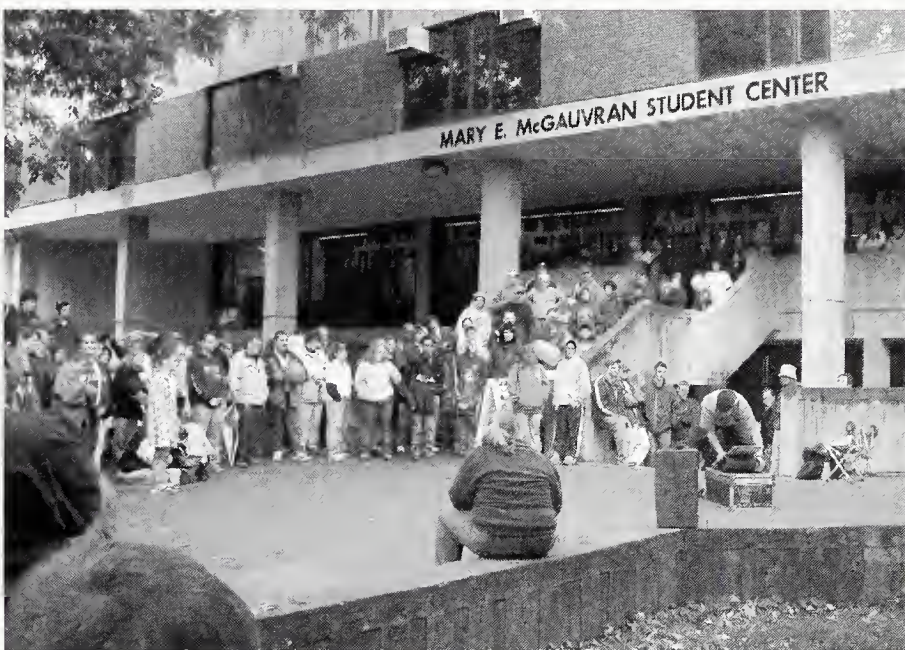

Despite the rain, people of all ages came to Family Day for free or cheap food and activities also known as fun! Saturday, October 4, in the south quad many booths were set up for Family Day which was sponsored by so many UMass Lowell clubs its ridiculous to list. The purpose of this yearly tradition is to celebrate the family role at UMass Lowell. The Psychology Club offered free tarot readings, WJUL had CD's and bumper stickers, there were pony rides, the Activities Commission had Halloween candy and goods, scrubs and sweatshirts, Leitch Hall Council sold donuts, Donahue Hall sold popcorn, ISABA had a ring toss, the *Connector* sold your picture mounted in a funny newspaper page, Sheehy Hall sold some food like apple pies, cheeseburgers, hamburgers, hot dogs, some other food was sold like nachos, pretzels and the Vietnamese Student Association sold dinner specials. Regular vendors had jewelry, candleholders, and lampshades, Spectrum had temporary hair color and free face painting, Eames and Smith Hall Councils gathered together to sell meatball subs, MEISA was selling sausages, the Art History Club had a raffle for Topsfield Fair tickets, Sarah's Crazy Pants. Inside McGauvran itself were a few free activities, caricatures by the Local Color Design Studio, antique photos by Old Tyme Photos, and spin painting on Frisbees. Around one in the afternoon everyone gathered on the lawn in front of the McGauvran steps for a magic show which was as much comedy as magic, with balancing, disappearing balls, juggling and jokes about the children there and about college students. Music playing was UML Marching Band in the morning "This was our first performance this year and we sounded good" Jared Holaday sophomore Music major and the music in the afternoon was a jazz-rock trio called One Sweet World. MENC sold maracas and tambourines made from paper products and dried macaroni, "We have been selling tie dye shirts in past years, but this year we decided to sell something related to music" said Anthony B. Beatrice the vice president of MENC. Physical Therapy had a 50/50 raffle and sold water, their table sold at least fifty dollars and was just about the "only place you can get a drink" James O'Brien IV who laughed with his friends and club members. The Engineering Student Council had free temporary tattoos they had a lot of people come by "A lot of little kids come by maybe 20 people, and the Spongebob Square Pants tattoos are definitely selling the most." said David Harris from the council. Abundant Life Fellowship sold cookies that you could decorate with frosting and sprinkles and one member saw Family day as a great chance to "Get together with friends and meet new people". That idea is exactly what any campus is supposed to be about, meeting new people and through this friendships are one of the best things you can bring away from a college experience.

# Jennifer's Run

What would your vagina say? The cast of the third annual UMass Lowell rendition of The Vagina Monologues entertained and enlightened an audience of over 400 Friday and Saturday night in the Mahoney Auditorium. With an introduction ending with the phrase, "we were worried about vaginas," it was obvious some monologues would be light-hearted, including "Hair," "The Flood," and "Vagina Happy Fact." The fact simply states that the clitoris has more nerve fibers than any other body part in the male and female body. It is also the only organ that exists solely for pleasure. More serious aspects of the show dealt with female body mutilation, rape and giving birth with monologues such as "I Was There in the Room," "My Vagina was my Village," and "Not-So-Happy-Fact." One of the most memorable moments of the show was Olivia Richard's performance of "My Angry Vagina," a piece that kept the audience laughing while Richard belted out lines such as, "Thongs, who thought those up? ...they get all up there, in your crusty butt!" Although this monologue was meant to be funny, it also dealt with issues such as the constant need of society to "clean up" the vagina. Director Anne Tremblay also entertained with, "Reclaiming Cunt," a monologue about one woman and her need to reclaim the word cunt as positive instead of having a connotation negative on women. Audience participation was encouraged as the auditorium filled with the chanting of the word "cunt." V-Day is a global movement to end violence against women and girls. V-Day is a catalyst that promotes creative events to increase awareness, raise money, and revitalize the spirit of existing anti-violence organizations. It generates broader attention for the fight to stop worldwide violence against women and girls including rape, battery, incest, female genital mutilation, and sexual slavery. The Vagina Monologues is used as a "centerpiece" of most V-Day events. It is based on stories collected by author Eve Ensler by real women. It helps people who have experienced violence know that they are not alone and inspires both men and women to get involved in the fight to stop violence against women and girls. "This year, we honor Vagina Warriors. Women and men, who have seen violence, transformed, dealt with it, mourned it, embraced it – and then set out to change it. They are women and men who refuse to bow to society's standards. Women and men who persevere and are determined to never see another woman battered, another child sold into slavery, another woman kidnapped, mutilated, burned, or raped. Women and men who did not become disillusioned or desensitized – instead they fought back with education, advocacy, policy and social change," wrote Erin Sheehan, senior graduate student, in her letter to the cast and general public. Sheehan has co-organized the V-Day campaign on campus for the past two years and was able to join the cast on stage this year. The Clothesline Project set up a display of t-shirts made by women affected by rape, incest, hate crimes, and other forms of violence. Each color shirt stands for a different category. The project began with 31 shirts, displayed on the village green in Hyannis, Mass., in October 1990 as part of an annual Take Back the Night March and Rally. Throughout the day, women came forward to create new shirts and the line kept growing. Now it has grown to include dozens of projects nationwide and internationally, with an estimated 35,000 to 50,000 shirts. The Vagina Crew sold items such as Vagina Security t-shirts and chocolate vagina pops. The lollipops sold out by intermission on Saturday. Booths set up by Rape Crisis Services of Greater Lowell and Alternative House Women's Services provided audience members with further information of how to stop violence against women. These two important organizations will receive part of the money raised through this production. Another part will be sent to help the girls and women of Juarez, Mexico.

## The Vagina Monologues

# leadership retreat

On Friday, October 17, many students bid farewell to the UMass Lowell campus for the weekend and took off in buses for the seacoast. On Friday and Saturday, the Leadership Advisory Council sponsored their Annual Leadership Retreat at Camp Bournedale in Plymouth, MA. Over thirty students, both active leaders on campus and those interested in assuming more of a leadership role were present for four sessions of workshops with topics that ranged from how to run a meeting and public speaking to the Fish Philosophy, a leadership style pioneered by a fish market in Seattle. The event, which is organized out of the Office of Student Activities is held regularly and cost attendees \$25, a fee usually paid by a student organization attendees are affiliated with. Attendee Carrie Kidder, a sophomore Psychology major was enthusiastic about attending her first retreat. "I think it's very fun," a smiling Kidder gushed. "It was nice to hear other's opinions," she said, referring to the round-table discussions held on the first night. After the two round-table discussions about either campus events or first year programs such as Residence Life's LEARN, students were dismissed to their own free time. Most started up board games or fell into small discussions. On Saturday morning, students woke to four separate sessions designed to improve leadership skills and potential. Speakers included UMass Lowell administration, as well as accomplished student leaders and alumni. Discussions were presented in three different paths, ranging from beginner to intermediate and advanced. All three were titled with and followed a cooking theme. All workshops were titled similarly, such as "World Cooking" for a diversity seminar and "Finding a Chef" for ideas on choosing an advisor. Upon his return to Lowell, Matthew St. Marie, a freshman undeclared Engineering major stated, "This was my first [retreat] that I've been on, so I don't have anything to compare it to, but I had a lot of fun." Attendees left after dinner on Saturday for a return to Lowell.

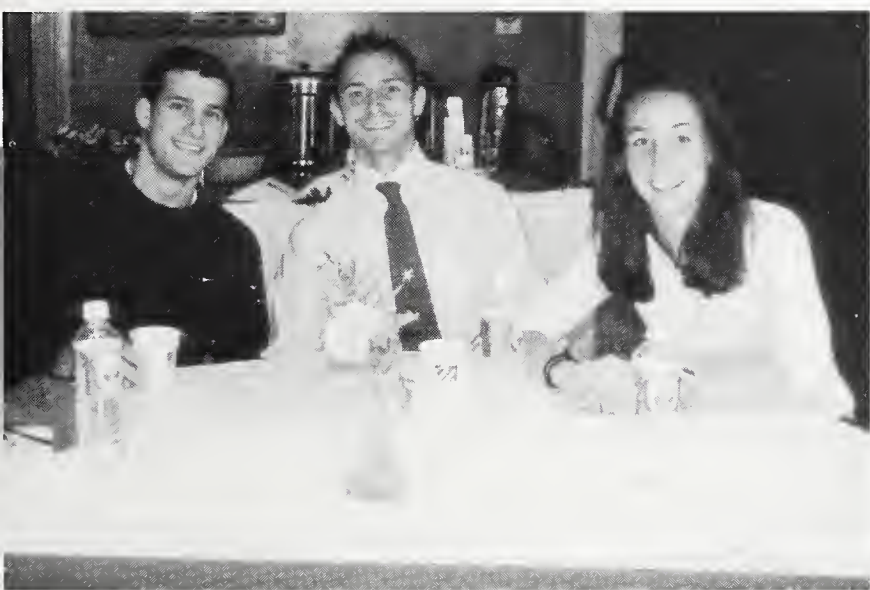

# who's who

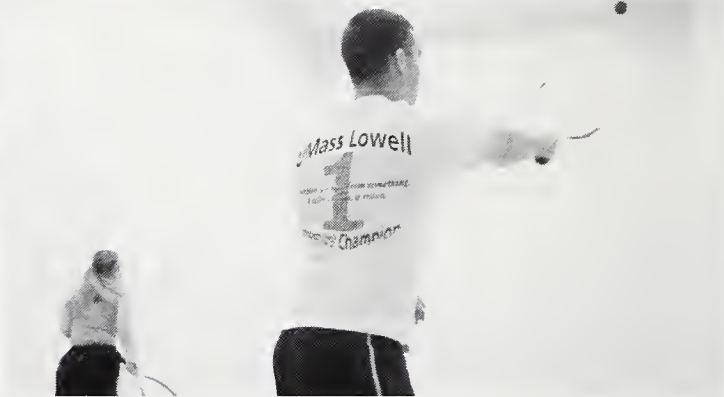

## who's who

Each year, students in more than 2,300 colleges across the country are given the opportunity to be recognized for their hard work in the community and their university through one of the oldest and most prestigious honors programs in the nation: Who's Who Among Students in American Universities and Colleges. In 1934, Pettus Randall conceived this biographical volume that recognizes the outstanding performance of college students. Randall believed that college students devoted to their schoolwork and to the local community deserve to be recognized for their commitment and hard work. Students of UMass Lowell are also given this opportunity every year. These are students who enhance the positive image of youth in America through their contributions to the school and to the community in and around Lowell. Students eligible for applying for Who's Who must be of senior status and have a Grade Point Average of a 2.5 or higher. These students should have a deep commitment to serving their community and also must have excelled in the classroom in order to be eligible for appreciation of their constant hard work and dedication. Students for the Who's Who Among Students in American Universities and Colleges this year have already been chosen by a committee of faculty and staff headed by Student Services Director Mary Connelly. The committee bases their decision on both their personal and professional experiences with the specific students in the classroom and the efforts of the students to become involved in the community throughout their time here at UMass Lowell. Students who receive this award are given a lifetime use of the Who's Who reference service and will be able to receive letters of reference from the program for applications for employment. They will also receive a personalized certificate confirming the fact that the Who's Who program has honored them. The students who receive this award will also be locally and nationally publicized in this year's edition of Who's Who Among Students. Students who receive this award will be honored at a brunch on Sunday April 25<sup>th</sup>.

---

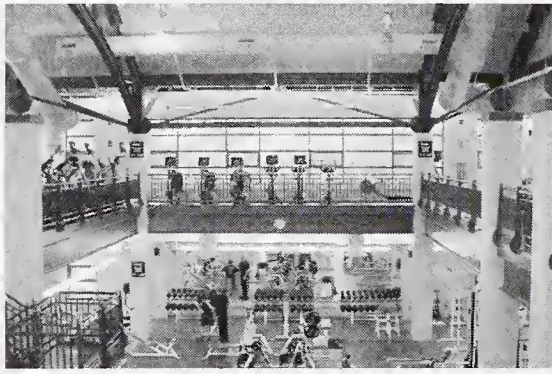

# Intermural Sports

The Intermural Program is an opportunity to compete against fellow students in a competitive, but fun, environment through a structured program. Opportunities are offered in a variety of sports and programs to anyone who is willing to enter, Men's, Women's or Co-Recreational. No experience is necessary, so all skill levels are welcome to participate. Fair play is essential to the success and conduct of every contest here at UMass Lowell.

\*

# LIVE MUSIC

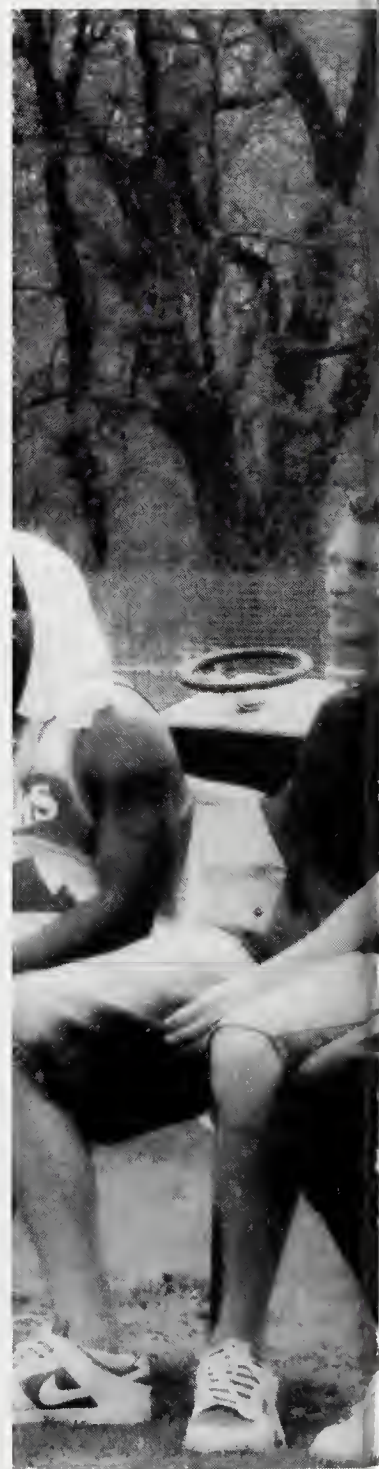

From 12p.m.-5p.m. on Friday, April 30, the UMass Lowell community celebrated the 2004 Spring Carnival at the South Campus softball field. The event featured booths from almost every organization on campus, as well as other events including a concert featuring various bands. Anand Sangvhi, director of the Student Activities Commission, said that the turnout “was the biggest...since I’ve been in office” and that he estimated it to be in the area of 500-1500 people. The annual Spring Carnival event has usually been on North Campus, but has taken place on South Campus a few times, including this year. Describing the events, Sangvhi said, “We have everything from cultural foods to physical activities to caricature artists, and airbrush artists, to laser tag.” They had a 28-foot wall for carnival-goers to climb. Participants who successfully climbed the wall were entered in a drawing to win a \$500 gift certificate to Best Buy. Though the contest was originally open only to UML students, the *Connector* made an exception for a nine-year old girl who ended up climbing the wall to the top four times. Several students could not even make it to the top once, and the young girl, the daughter of an alumnus, won the \$500 prize. The UMass Lowell Crew teams had a booth where participants could race on a rowing machine for 250 meters in a contest to win a \$10 gift certificate to Wal-Mart. There were two gift certificates distributed: one for the fastest men’s time and the other for the fastest women’s time. The Society of Plastics Engineering’s booth featured cotton candy for sale as well as a contest for a free T-shirt. Contestants had to guess the number of plastic pellets that were placed in a five-gallon polycarbonate water bottle (the correct answer was 1,044,000 pellets). The physics club sold liquid nitrogen ice cream, made from a mixture of half-and-half, sugar, and vanilla extract mixed with liquid nitrogen. Liquid nitrogen (also known as LN2) is chilled, condensed, gaseous nitrogen that is colorless, odorless, non-flammable, and non-toxic. It boils at -210 degrees Celsius (-324 degrees Fahrenheit), and handling it requires protective gloves and goggles. The purpose of adding liquid nitrogen to the mixture of ingredients is to cool it into ice cream state. WUML, the campus radio station, had a booth with a wide variety of activities: a free CD giveaway, selling of various merchandise, and a dart game. The station also held a live broadcast at the site of the event. The Activities Commission had a “Prize Cube” game, where participants stood inside an inflatable cube resembling a slot machine, and had to catch fake money shot up from the ground from an air jet. The more amount of money collected, the larger the prize participants could receive. Prizes included flame lamps, light-up drinking mugs, and inflatable balls. Many other organizations had also contributed to the event by having booths of their own, with selling of food or various activities. Other activities held at the carnival included laser tag and a miniature track where carnival-goers could race remote controlled racecars. Throughout the event, the bands The LAB, Floetry, and Talib Kweli were on hand to provide music. David DeAngelis, Associate Director of the Activities Commission, said the day of the event is “the University Day, it’s the day where, ideally, you have students, faculty, and staff come together to celebrate another great year at UMass Lowell.” The Student Activities Commission, along with the annual Spring Carnival event, plans most major concerts and comedy shows on campus. Sangvhi is excited about the progress the organization has made, pointing to the appearances of comedians Tracy Morgan, Dane Cook, and Dave Chapelle on campus and saying that the organization “is starting to take more risks,” and that he is looking for volunteers to help bring “some campus unity.”

# It's Our Time SENIORS

**Senior week is the last time that the graduating students can spend time together before graduation. The class of 2004 spent their week in grand fashion. They enjoyed an overnight rafting trip in Maine. Then, graduates filled the week with a trip to Foxwoods Resort and a night at Fenway Park. The seniors ended their week with a night on Boston Harbor. This section of our book salutes our seniors!**

**Congratulations  
to our  
Graduating  
Seniors!**

# Senior Year

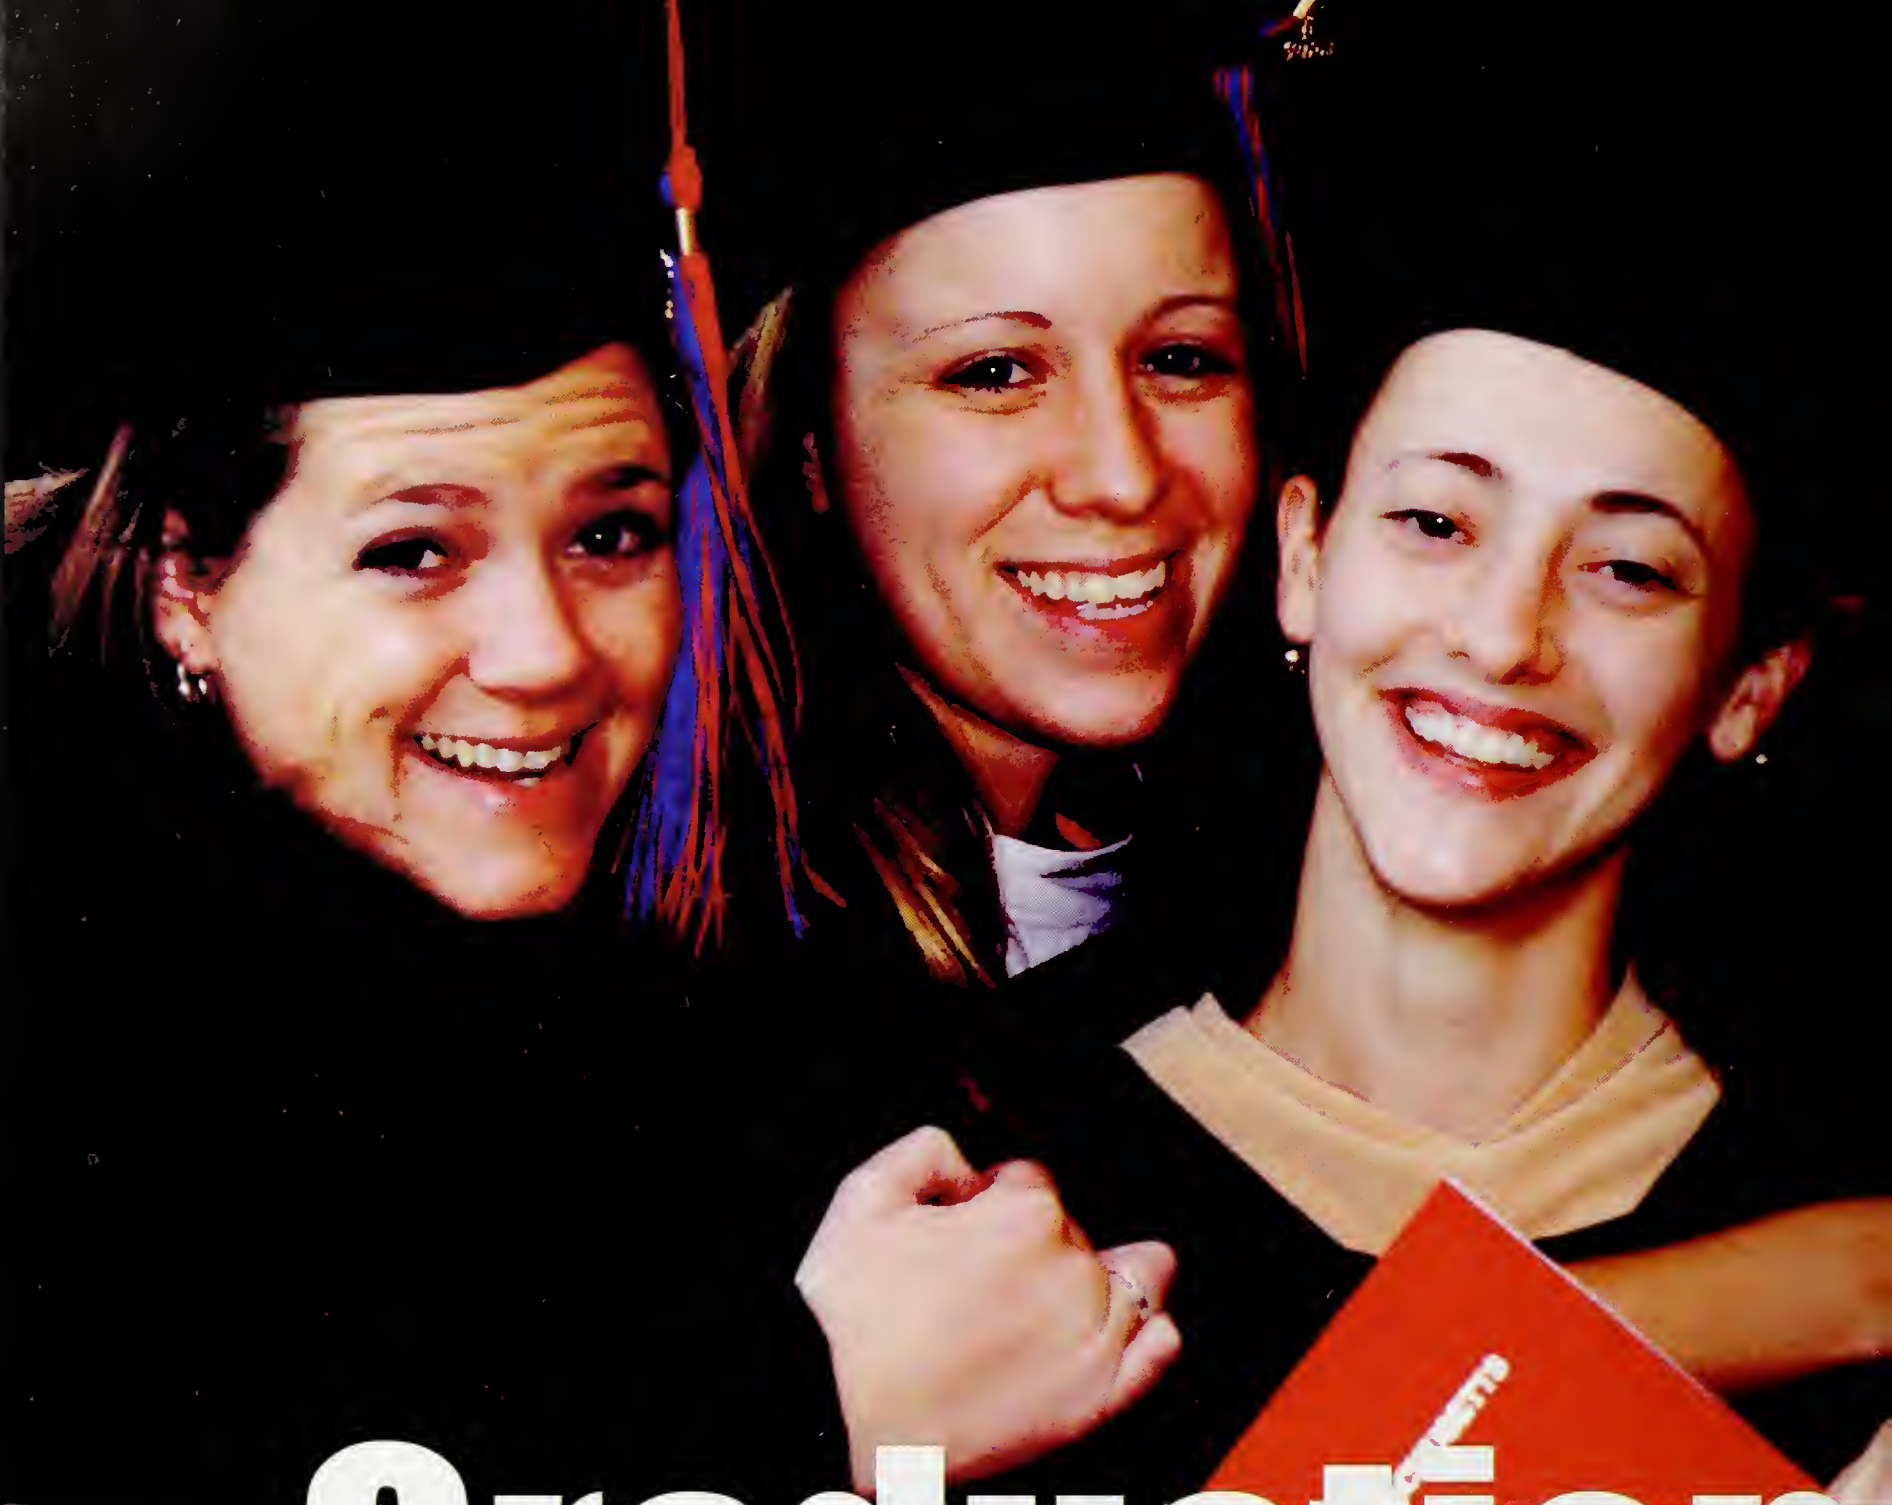

**Class of 2004**

# Graduation

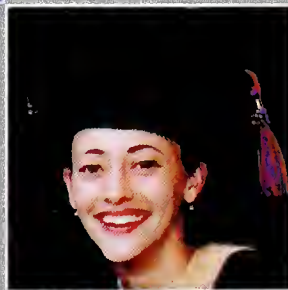

The University commencement ceremony consisted of the following: greetings from the officials of the Commonwealth, recognition of students for academic excellence and University service, awarding honorary and earned doctoral degrees, and a brief commencement address and conferral of degrees. Following the University ceremony, college faculties, graduating students and guests proceeded to college reception areas to receive their diplomas.

2002-2003 Year End Awards

**HERFF JONES®**

# World Events

The United States heightens the war on terrorism by initiating a "shock and awe" campaign that liberates the Iraqis from former leader Saddam Hussein's regime. Further military actions resulted in the death of his sons Odai and Ousai and the celebrated capture of Hussein himself.

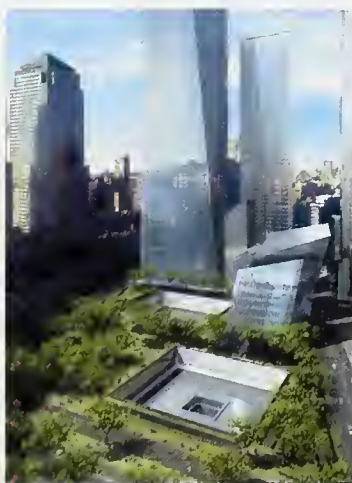

Israeli Prime Minister Ariel Sharon promises to relocate 17 Gaza Strip settlements.

Iranian Shirin Ebadi receives the Nobel Peace Prize for her humanitarian efforts.

Nine months after she was abducted, Elizabeth Smart is found alive in Utah.

Architect Michael Arad's design, "Reflecting Absence," is selected for the World Trade Center memorial.

Eleven Russian coal miners are rescued after being trapped 2,625 feet below ground for six days.

Astronomers discover M4, the oldest known planet, estimated to be 12.7 billion years old.

While serving in Iraq, more than 500 American troops are killed and more than 3,000 are wounded.

Californians voice disapproval of Gray Davis by voting Arnold Schwarzenegger governor in a recall election. Wife Maria Shriver resigned her seven-figure position with NBC News.

China, Taiwan and Canada are hit hardest by the deadly SARS virus. SARS killed more than 900 people and infected thousands worldwide. In an attempt to isolate the virus, breathing masks were worn, travelers were screened for symptoms and patients were quarantined.

Europeans endure one month of temperatures that soar above 100 degrees Fahrenheit. The record-breaking heatwave killed more than 19,000 people, withered crops, sparked wildfires, caused power outages and melted Alpine glaciers.

U.S. President George W. Bush is criticized for issuing an assault on Iraq based on data that Iraqi leader Saddam Hussein was harboring weapons of mass destruction. No weapons were found and the misinformation was said to have been an "intelligence failure."

# World Events

Martha Stewart is convicted on multiple charges related to her sale of ImClone stock.

The United States Federal Reserve enters a colorful \$20 bill into circulation.

The "Protect Act of 2003" urges states to administer the Amber Alert system.

Gary Ridgway, known as the Green River killer, admits that he murdered 48 women in Washington state.

Pope John Paul II celebrates his 25th anniversary as pope. Despite the debilitating affects of Parkinson's disease the 83-year-old pontiff presided over an anniversary Mass that drew tens of thousands of people to St. Peter's Square, Vatican City.

The Homeland Security Department requires armed law enforcement officers on certain international flights.

Gyude Bryant becomes the leader of Liberia's postwar government. Former leader Charles Taylor was exiled.

Three capitol buildings close for cleanup when ricin is found in Senate Majority Leader Bill Frist's mailroom.

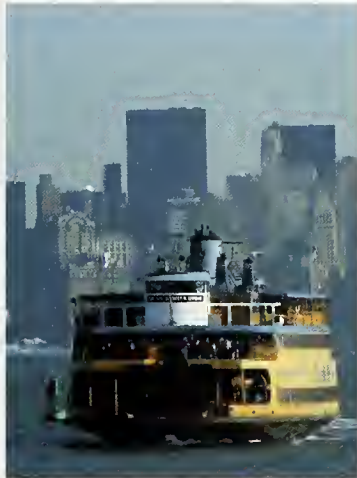

A Washington state cow is the first U.S. bovine to contract mad cow disease.

Political commentator Rush Limbaugh seeks rehab for his addiction to painkillers.

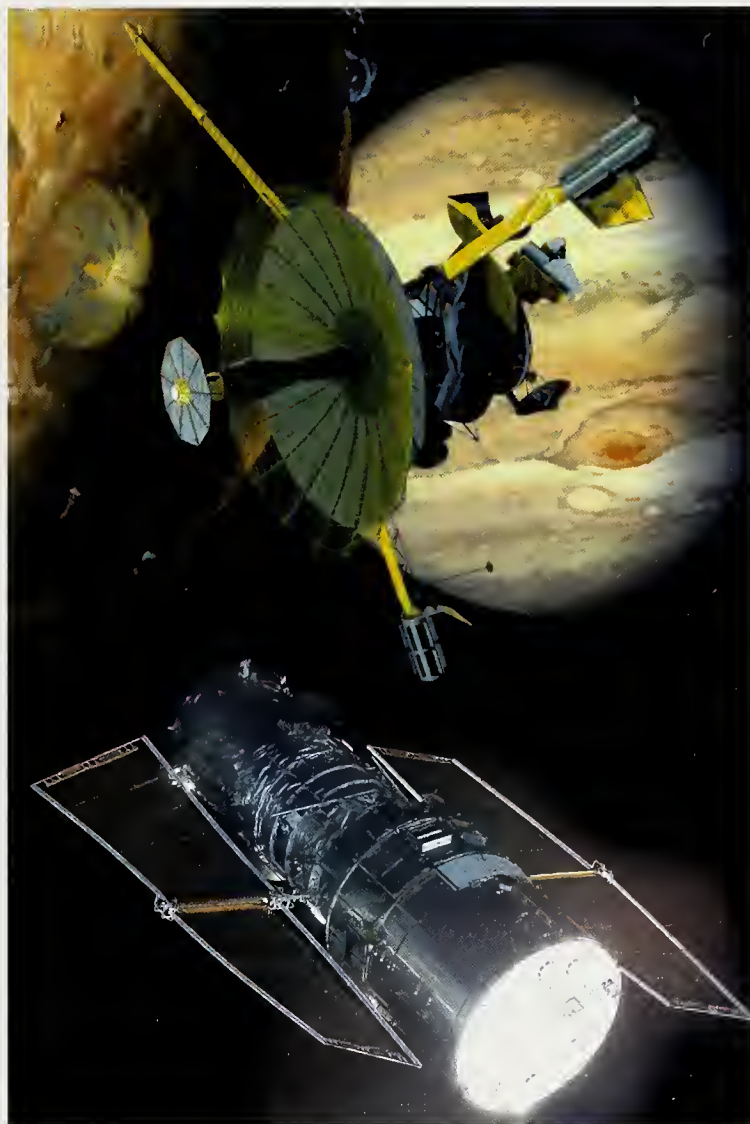

A Staten Island ferry crashes into a pier killing 10 and injuring 42 people.

Iranian conjoined twins Ladan and Laleh Bijani die following separation surgery.

Mars comes within 35 million miles of earth, the closest encounter in 50,000 years.

Months after the 14-year-old Galileo spacecraft is vaporized in Jupiter's atmosphere, NASA debates the risk of repairing the Hubble Space Telescope or destroying it.

Roy Horn of Sigfreid & Roy is severely injured when his white tiger Montecore grabs him by the neck and drags him backstage during a Las Vegas performance.

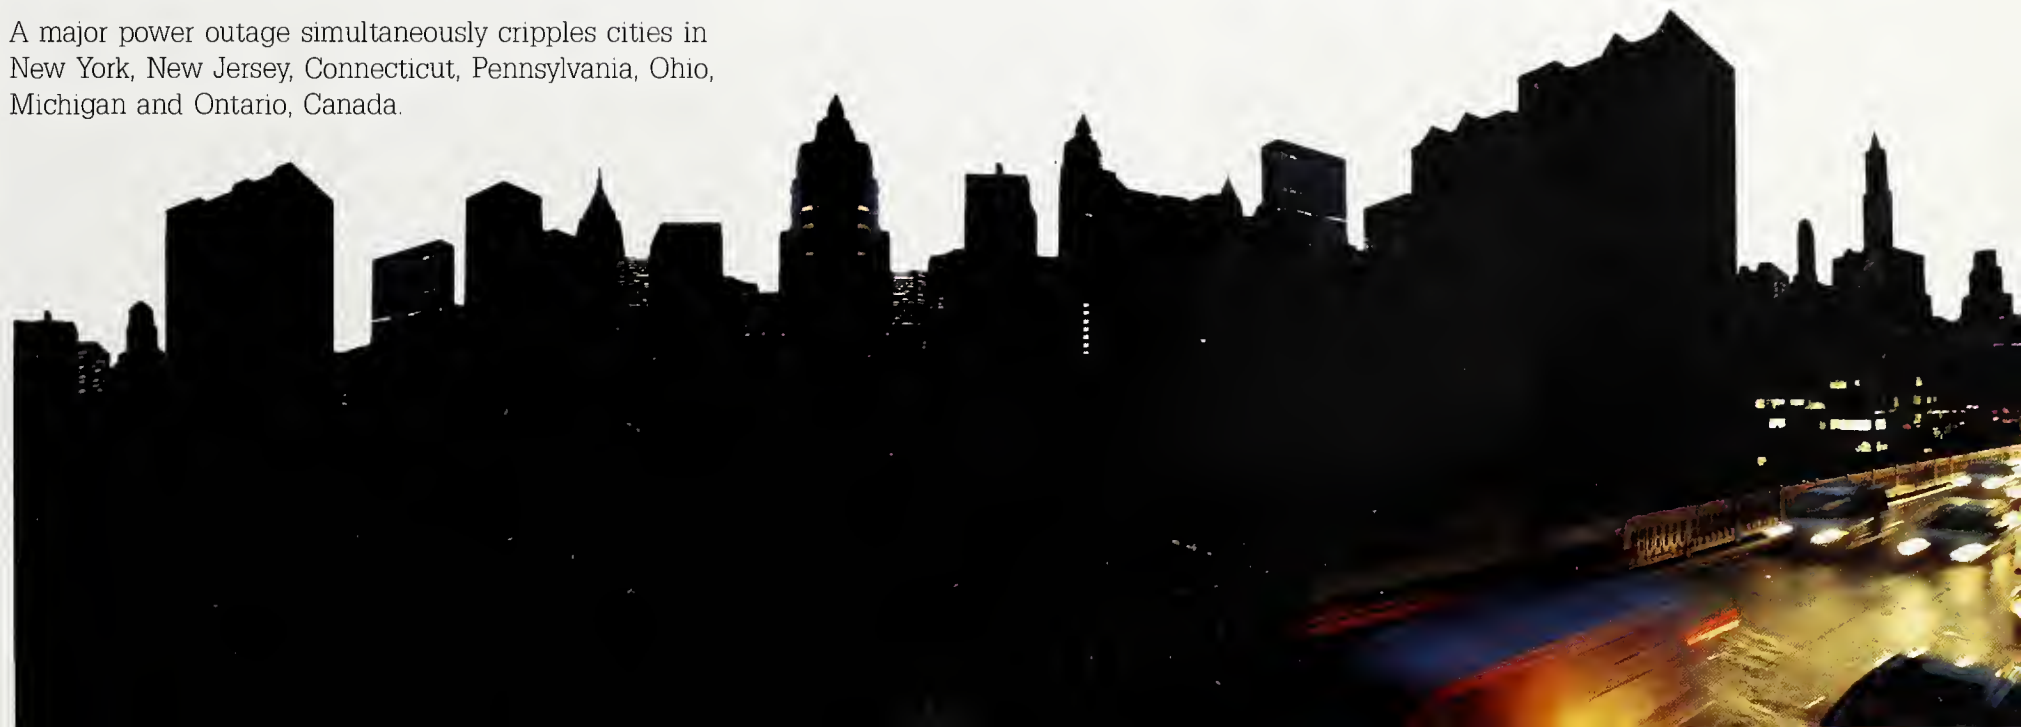

Southern California wildfires char 600,000 acres of land and thousands of homes.

U.S. Customs officials begin scanning the fingerprints of foreign visitors and immigrants.

A major power outage simultaneously cripples cities in New York, New Jersey, Connecticut, Pennsylvania, Ohio, Michigan and Ontario, Canada.

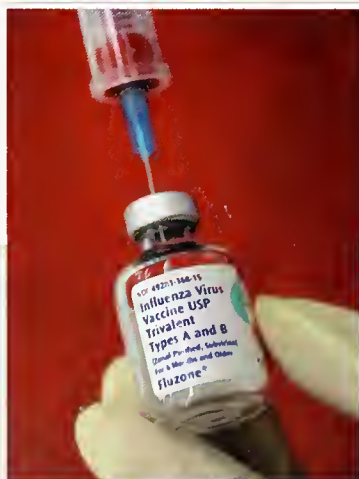

# World Events

U.S. Senator John Kerry, Congressman Dennis Kucinich, U.S. Senator John Edwards and Civil Rights Activist Al Sharpton campaign for the Democratic ticket in the 2004 Presidential Race against Republican President George W. Bush. Consumer advocate Ralph Nader also announced his candidacy as an Independent.

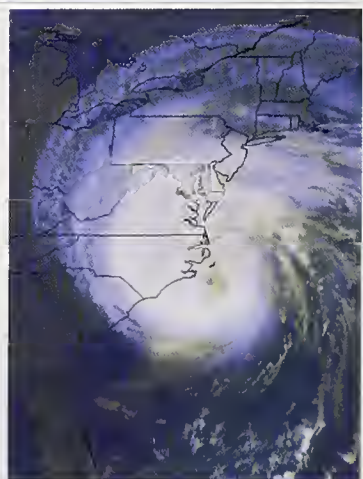

Americans are injected with more than 83 million flu vaccines in defense of the perilous "super flu" epidemic.

Taiwan's 1,674 foot Taipei Tower surpasses Malaysia's Petronas Towers, becoming the world's tallest building.

Following months of rebel opposition, Haitian President Jean-Bertrand Aristide is forced to flee his country.

Hurricane Isabel causes four deaths, flash flooding and massive power outages in six East Coast states.

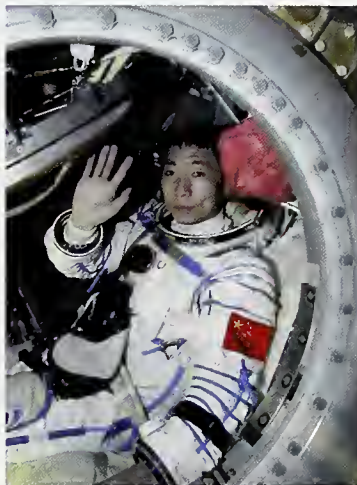

Measuring 1,132 feet long, 236 feet high and valued at \$800 million, the Queen Mary II is the world's largest and most expensive passenger ship.

Kill Devil Hills, NC celebrates the 100th anniversary of the Wright Brother's first manned and powered flight. Attempts to re-enact the flight failed because of unfavorable conditions.

Scientists debate whether a 40-foot wide, gelatinous sea specimen found on the coast of Chile is decomposing whale tissue or part of the rare Octopus Giantus.

Air Force pilot Yang Liwei mans China's first human space mission.

More than 28,000 people die when a magnitude 6.6 earthquake rocks Bam, Iran.

Following two years of opposition, Pakistan's President Pervez Musharraf and Indian Foreign Minister Yashwant Sinha agree to engage in dialogues aimed at resolving their long-term dispute over the Kashmir region.

Funny man Bob Hope, dies at 100. Hope's comic career brought laughter to American citizens and troops for more than 60 years.

- The new Oklahoma City federal building was opened.
- Canada's 3,000-year-old Ward Hunt Ice Shelf split in two.
- The remains of Laci Peterson and child were found and husband, Scott, was indicted for the murders.
- President Bush called for a lunar space station to be created by 2020.
- A magnitude 8.0 earthquake rocked Japan and forced 41,000 people to evacuate Hokkaido island.
- Alabama Chief Justice Roy Moore was removed from office for refusing to remove a Ten Commandments monument from the State Supreme Court building.
- A bird flu outbreak caused countries to ban the importation of U.S. chicken.
- The Massachusetts Supreme Judicial Court ignited a national controversy when it ruled against a state ban on same gender marriages.
- Veteran broadcaster David Brinkley and U.S. Senator Strom Thurmond died.

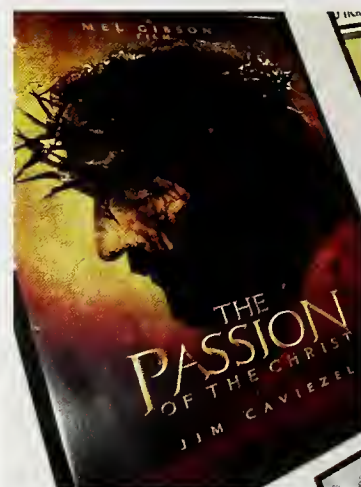

# TV & Movies

• Other names in music this year included Country superstar Toby Keith, 80s glam rockers The Darkness, Maroon 5, Yeah Yeah Yeahs and The Strokes.

• Notable musicians Warren Zevon, Robert Palmer, Barry White and Bobby Hatfield died.

# Trends & Technology

Fast-food menus change to accommodate the rising number of low-carb dieters.

The Aquada, a new boat/car, can travel up to 30 mph in the water.

Busta Rhymes sports a trendy "throwback" jersey and retro cap.

The United States' second Mars rover, Spirit, explores the Red Planet's terrain. Following 10 days of lost contact, Spirit continued to collect data, dig for soil samples and set a one-day distance record of 70 feet.

Thick-soled and fur-lined Ugg boots stomp their way from Hollywood fashion to everyday footwear.

Physically handicapped people can now travel virtually anywhere in the Independence iBOT 3000.

Carryalls take on a fresh new look with beaded handbags, mesh backpacks and vintage cigar box purses.

High definition, flat screen televisions and DVD recorders are the new wave in home entertainment.

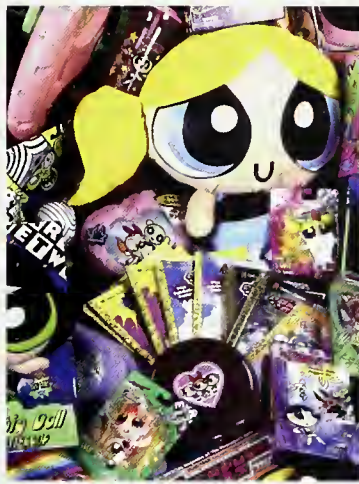

Millions of Americans ban telemarketers from phoning by signing the "Do Not Call List."

Mandy Moore wears cute "girl curls" while guys sport shaggy cuts and close shaves.

Powerpuff Girls, Hello Kitty and Curious George are popular cartoon characters.

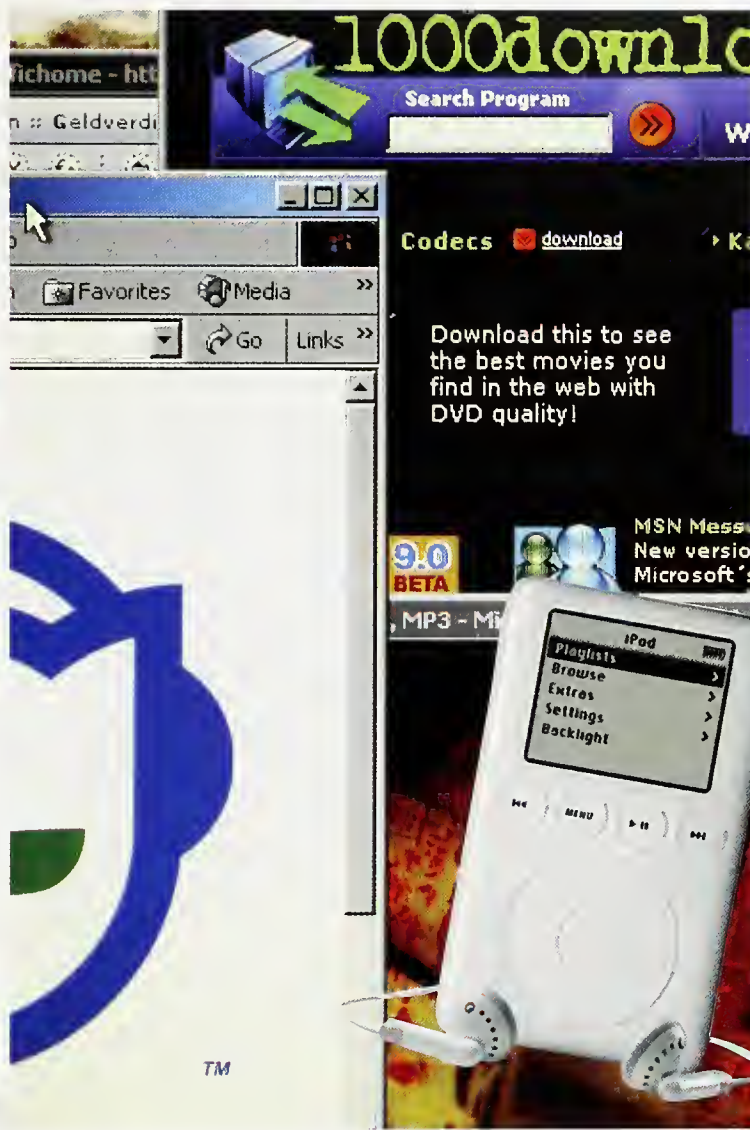

Online booking companies such as Orbitz and Expedia hurt travel agency sales.

The 80s styles make a comeback along with mini skirts, trucker caps, vintage t-shirts, distressed jeans, thick leather wrist bands, stiletto heels and a fascination with the mullet.

Sports Utility Vehicles outsell mini-vans becoming the new "family car." To compete with rising gas prices and smaller cars, automobile manufacturers developed the first hybrid SUVs.

Fines are issued to hundreds of illegal downloaders of music. Media sharing websites and the popularity of MP3 players are blamed for a 31 percent drop in CD sales.

# Technology & Trends

The first major book printed in the west, the Gutenberg Bible, was digitized and placed online for archival and educational purposes.

Siemens' Virtual Keyboard uses a laser projection that enables users to type on any flat surface.

MasterCard created a "swipeless" credit card that emits radio signals.

Scientists developed a weed that changes color when it is grown over a landmine.

The "MyDoom" e-mail virus infected computers worldwide by installing a worm that crashed Microsoft Windows.

Scientists in South Korea clone the first human embryos for stem cell research.

Logitech created a digital pen that captures everything written or drawn and uploads the data to a computer via a USB cradle.

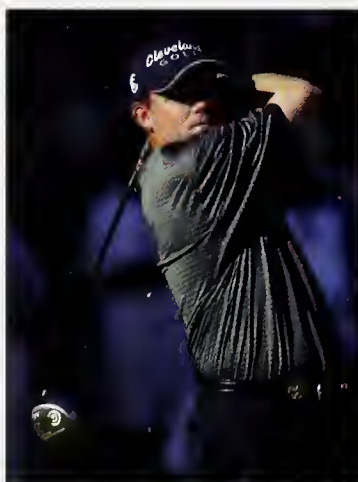

The New England Patriots win Super Bowl XXXVIII in an electrifying 32-29 victory over the Carolina Panthers. With four seconds remaining, the Patriots scored a field goal and claimed their second championship in three years. New England quarterback Tom Brady was Super Bowl MVP.

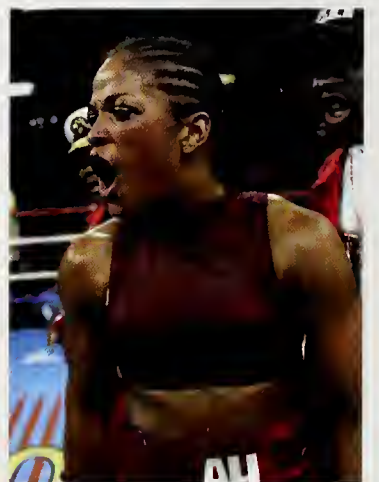

Carmelo Anthony and the Syracuse Orangemen win the NCAA Basketball Tournament.

On the final hole, Shaun Micheel claims his first win in 163 starts at the PGA Championship.

New Jersey Nets star Alonzo Mourning retires from the NBA to undergo a kidney transplant.

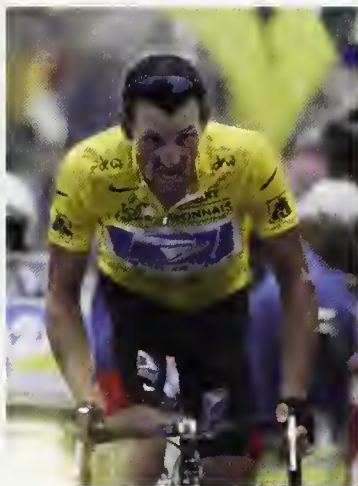

Laila Ali defends her IBA super middleweight title by defeating boxing great Christy Martin.

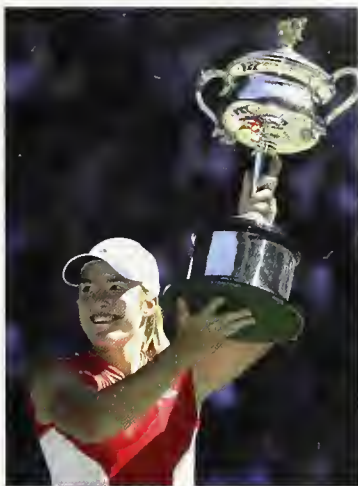

The UConn Huskies, led by Diana Taurasi, celebrate their second consecutive NCAA Women's Basketball Tournament victory after defeating the Tennessee Volunteers 73-68.

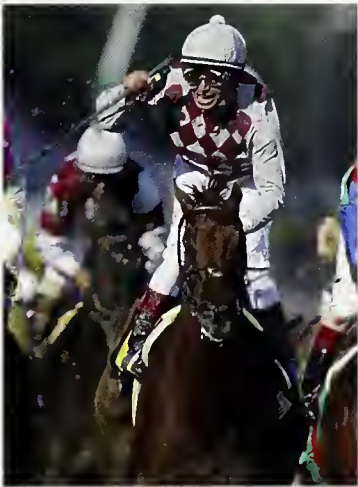

Lance Armstrong pedals to his fifth consecutive Tour De France title.

Justine Henin-Hardenne's eight tennis wins include the French and U.S. Opens.

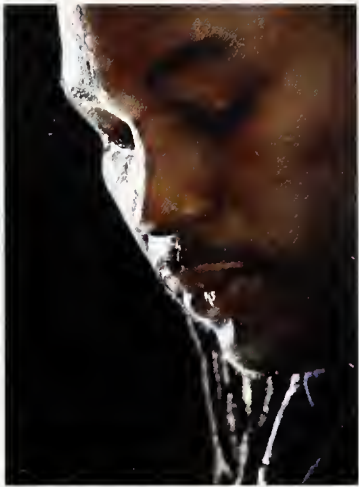

Pro soccer team D.C. United signs a four-year deal with 14-year-old Freddy Adu.

Jose Santos rides Funny Cide into the Kentucky Derby winner's circle.

Golfer Annika Sorenstam is voted A.P. Female Athlete of the Year.

Heavyweight boxing champ Lennox Lewis retires at 38, ending a 14-year career.

The Florida Marlins win the World Series in a seven-game match up with the New York Yankees. Marlins pitcher Josh Beckett was series MVP.

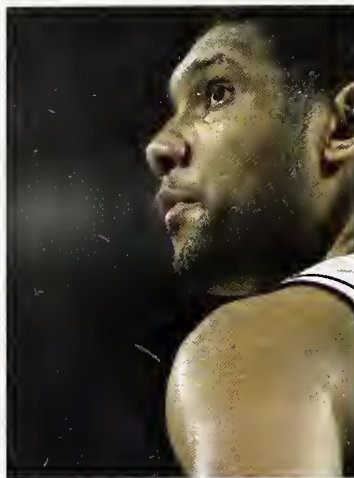

Dale Earnhardt, Jr. follows in his father's footsteps as he drives to his first Daytona 500 victory on Feb. 15. He took the lead from Tony Stewart with 20 laps to go. The late Dale Earnhardt, Sr. claimed the same title six years earlier on Feb. 15, 1998.

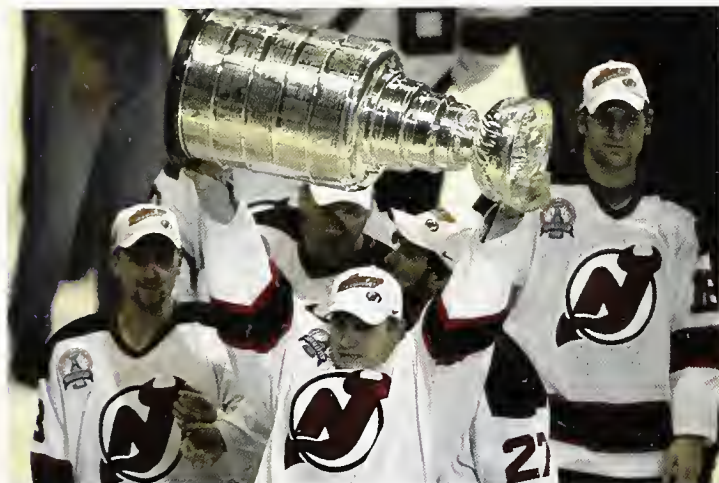

Kristine Lilly, Brandi Chastain and Mia Hamm celebrate a 3-1 U.S. victory over Canada in the FIFA Women's World Cup. The win earned the United States a Bronze Medal.

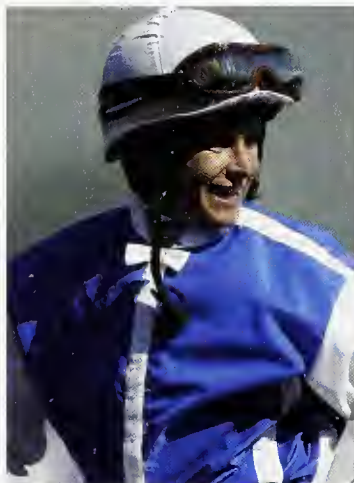

League MVP Tim Duncan leads the San Antonio Spurs to the NBA championship.

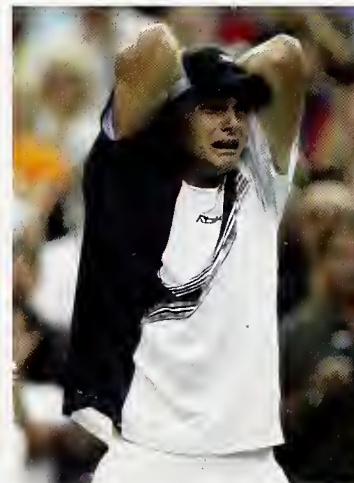

Alex Rodriguez signs with the New York Yankees and moves from shortstop to third base.

The New Jersey Devils earn their third Stanley Cup in nine seasons after defeating the Anaheim Mighty Ducks 4-3 in the seven game series.

Julie Krone becomes the first female jockey to win a Breeders' Cup race.

Andy Roddick defeats top-ranked Juan Carlos Ferrero in the U.S. Open Finals.

In the first tie since 1997, the LSU Tigers and the USC Trojans share this year's National Football Championship. The Trojans were voted No. 1 by the Associated Press, while the Tigers got the top vote in the Coaches' Poll.

Surfer Bethany Hamilton returns to competition just 10 weeks after losing her left arm in a shark attack.

Fan favorite John Daly won his first PGA tournament in nine years at the Buick Invitational.

Rice University claimed the College World Series title.

Tennis great Pete Sampras retired with a record 14 Grand Slam titles.
